The first section was again read.

Mr. Hawkes raised the following point of order :

That "no appropriation by Councils to the Board of Public Education can be taken from the Board by transfer, or in any other way. Even a transfer from one item to another in the appropriations to the Board could not be made, excepting at the request of the Board."

The President decided the point not well taken.

Mr. Hawkes raised the following point of order :

That "assuming that Miss Sherry was a teacher, Councils cannot make an appropriation to Clerks of Councils for payment to her. Appropriations for payment of teachers can be made to the Board of Public Education only."

The President decided the point not well taken.

Mr. Hawkes raised the following point of order :

That "Councils cannot make an appropriation to Miss Sherry for services without stating the kind of service, and to state the kind of service claimed to have been rendered would be to say *as a teacher*."

The President decided the point not well taken.

Mr. Hawkes raised the following point of order :

That "The whole matter is one between Miss Sherry and the Board of Public Education. It is a contention with which Councils have nothing to do."

The President decided the point not well taken.

Mr. Hawkes presented the following appeal :

We respectfully appeal from the decision of the President in ruling adversely on the following points of order and law :

1. That no appropriation by Councils to the Board of Public Education can be taken from the Board, by transfer, or in any other way.

Even a transfer from one item to another in the appropriation to the Board could not be made, excepting at the request of the Board.

2. That, assuming that Miss Sherry was a teacher, Councils cannot make an appropriation to Clerks of Councils for payment to her. Appropriations for payment of teachers can be made to the Board of Public Education only.

3. That Councils cannot make an appropriation to Miss Sherry for services without stating the kind of service, and to state the kind of service claimed to have been rendered would be to say—as a teacher.

4. That the whole matter is one between Miss Sherry and the Board of Public Education. It is a contention with which Councils have nothing to do.

GEORGE HAWKES,
A. A. GRACE.

The President called Mr. Roberts to the chair.

The question being, Shall the decision of the chair stand as the judgment of Council ?

It was agreed to.

NAYS—Messrs. Grace and Hawkes—2.

Two-thirds of the members elected having voted in the affirmative,

It was agreed to,

And the bill passed.

Mr. Hawkes presented the following:

I vote NO, and ask leave to file the following reasons for so voting:

STATEMENT OF FACTS.

1. At the meeting of the Board of Public Education held January 12, 1892, a communication from the 17th Section was presented, stating that Miss Sherry had been elected Supervising Principal of the John Moffet Combined Grammar and Primary School. The communication was referred to the Committee on Grammar, Secondary and Primary Schools.

2. At the meeting of February 9, 1892, the Committee on Grammar, Secondary and Primary Schools reported against the confirmation of Miss Sherry, for the reason that male teachers only were eligible to the principalship to which she had been elected by the Sectional Board.

This report was adopted by the Board, and Miss Sherry was not confirmed.

It was ascertained, also, that Miss Sherry did not have a valid certificate of five years approved experience as a teacher in public schools from the Superintendent of Schools, required by the laws of the Board.

3. At the meeting of March 8, 1892, what had been the Moffet Combined School was organized into three separate schools, a Grammar School for boys, a Grammar School for

girls, and a Primary School for girls and boys, to date from March 21, 1892. The effect of this legislation was to do away with the position of Supervising Principal to which Miss Sherry had been elected by the Sectional Board.

4. Application was made by Miss Sherry to the Court of Common Pleas No. 1, for the County of Philadelphia, for a peremptory mandamus to compel the Board of Public Education to certify her election as Supervising Principal of a Combined School in the 17th Section. The Court, June 18, 1892, declined to issue the writ, and upon appeal to the Supreme Court the order of the lower Court was affirmed.

Even though it had been said by the Court that the Board of Public Education had erred in refusing to certify the election of Miss Sherry, such judgment of the Court would put her in place to March 21, 1892, only, for after that date there did not exist the position of Supervising Principal for her, or any one else, to fill. It will be noticed that the payment proposed by Councils would be to May 1, 1893, a period of more than a year subsequent to the date at which the position ceased to exist.

City Councils by ordinance direct the Board of Public Education to draw a warrant for \$2,841, to pay Miss Sherry for services performed as teacher in the Public Schools during the year of 1892, and the months of January, February, March and April of 1893. During the time here specified Miss Sherry was not a qualified, lawful or recognized teacher in any of the public schools of this city. The law of the State authorizes and requires the Board of Public Education to institute at its discretion all requisite test of fitness or qualification of applicants for the various teaching positions in schools under their charge, and declares that only those who comply with these conditions shall become teachers in the schools. The law makes the Board of Public Education the sole judges of the qualifications of the teachers in the various positions in the schools. Miss Sherry made application in 1892 for a certain position as teacher in the Seventeenth Section under the local Board of the section. She was declared to be without the requisite qualifications, and was not admitted to teach. The act of selection or election by a local Board does not induct to the office or functions of a teacher, but presents the candidate to meet the test of the conditions prescribed by the Board of Public Education.

The concurrence of the Board of Public Education with the local Board is required to effect the complete or valid election of the teacher. Even a *prima facie* case is not made for Miss Sherry any more than for a candidate nominated by an executive and not confirmed by the Senate or elected by one branch of the Legislature without the concurrence of the other. Miss Sherry's claims to recognition as a teacher, in the case in question, have been decided by the Courts to be untenable, and a further appeal to the State Supreme Court elicited only a confirmation of the decision that she had no standing as a teacher. It follows that Miss Sherry not being in the service of the city as an authorized and recognized teacher, she could have no claim upon the fund confided to the Board of Public Education for the payment of the salaries of teachers. Had Miss Sherry a fair or valid claim to recognition and compensation as a teacher, her way would be clear by mandamus upon the City to enforce payment. This she has for good reasons refrained from doing. To draw this warrant the Board of Public Education must practically reverse itself, or set aside its own rules, disregard the provision of Acts of Assembly for qualifications of teachers, and the decisions of the Courts in this particular case. If, on the other hand, it is assumed that Councils practically make this appropriation and pay Miss Sherry the amount in question, then it is clear that Councils assume the functions of the Board of Public Education, pass upon the claims of and constitute a teacher foreign to the policy of the Board, and provide for her a specific salary at their discretion, and solely upon their own responsibility, making the Board simply a vehicle for transmission.

As to any alleged service performed by Miss Sherry as a teacher, the facts are these: the local Board of the Seventeenth Section proposed Miss Sherry for a Supervising Principal of a Combined School. The Board was well aware that she could not legally enter upon the duties proposed in advance of examination as to her qualifications and fitness by the Board of Public Education and a report thereon. Yet after an adverse report they insisted upon encouraging her in assuming to hold the disputed position in defiance of the Board of Public Education. And this carried the matter to the Court with a result which is well known. Failing to coerce the Board of Public Education through the Courts, they next turn to Councils and invoke their interposition to

require the Board of Public Education to submit to the ratification of the irregular and injurious demands which are responsible for this controversy.

Copy of Item of Ordinance.

Item 56. To pay Margaret T. Sherry the amount of salary in dispute, two thousand eight hundred and forty-one (2,841) dollars: *Provided*, That no part of Items 15 and 55 of this appropriation shall be available until a warrant be first drawn and signed in proper legal manner for the amount of this item and sent to the City Controller for his approval.

It will be noticed that the appropriation is for "salary in dispute," getting away from the words of last year, "for services rendered." Salary implies a place, a position, an office to which it would attach. There was no place, position or office for Miss Sherry.

Nor can Councils create a supervising principalship or position of teacher and fix a salary therefor. To make either of such positions is a prerogative of the Board of Public Education alone.

No appropriation by Councils to the Board of Public Education can be taken from the Board by transfer or in any other way.

Even a transfer from one item to another in this appropriation to the Board could not be made, excepting at the request of the Board.

Assuming that Miss Sherry was a teacher, Councils cannot make an appropriation to Clerks of Councils for payment to her. Appropriations for payment of teachers can be made to the Board of Public Education only.

Councils cannot make an appropriation to Miss Sherry for services without stating the kind of service, and to state the kind of service claimed to have been rendered would be to say as a teacher.

The whole matter is one between Miss Sherry and the Board of Public Education. It is a contention with which Councils have nothing to do.

Had the claim of Miss Sherry been well founded she would have proceeded by suit, and would have had payment long ago.

Councils should never have been induced to start the attempt to force the Board of Public Education to make wrongful use of the City money.

Mr. Smithers moved to proceed to second reading of bill No. 99, entitled "An Ordinance to approve the contract and surety of James R. Floyd for the removal of the old stacks and the erection of two stacks of the Dudley D. Fleming Gas Generating Furnaces at the Twenty-fifth Ward Works of the Bureau of Gas; the contract and surety of the Camden Iron Works for the construction of a third lift on the holder at the Twenty-fifth Ward Works of the Bureau of Gas, and a third lift on each of the two small holders at the Ninth Ward Works of the said Bureau; the contract and surety of Sparks & Evans for constructing a bridge on the line of Girard avenue over Pennsylvania avenue, in the Twenty-ninth Ward; the contract and surety of Frederick J. Amweg for the erection of a fire house on the east side of Fourth street, above Girard avenue; the contract and surety of I. H. Hathaway & Co. for the erection of a new engine and boiler house and stack in Fairmount Park, below Wissahickon creek; and the contract and surety of Charles O'Neill for the erection of a fire station house at the southeast corner of Reed street and Otsego street."

Which was agreed to.

The first and only section was again read, and agreed to.

The title was agreed to.

The bill was read a third time,

Which was not agreed to.

The question recurring on agreeing to the section,

It was agreed to.

Mr. Hicks moved to amend by adding the following :

“SECTION 2. Before any permits shall be issued by the Departments of the City of Philadelphia to proceed with the work of constructing the railway and trolley system authorized by this ordinance: The said Railway Company shall enter into an agreement or contract with the Mayor of the City, (who is hereby authorized to execute the same on behalf

of the City), which agreement or contract shall be in form approved by the City Solicitor, and shall among other things, provide That the said "Railway Company" shall agree to keep and maintain in good order at all times, whether paved, macadamized or unimproved, all streets, avenues or roads traversed by its lines of railway or by its trolley system; That the said Railway Company shall agree to accept as binding upon it the terms and conditions of all laws and ordinances now in force, or which may hereafter be passed, relating to the government, control or regulation of Railways or Railroads of any kind within the City of Philadelphia. That in the construction and equipment of its roadbed, cars or its trolley system, all kinds and character of materials, supplies or workmanship, plans, profiles, elevations, designs, etc., shall be subject in every way, at all times, to the approval and inspection of the Departments of Public Works and Public Safety. That the said Company shall take down and remove the overhead trolley system, and substitute therefor an underground or storage battery system, whenever directed to do so by ordinance of Councils.

Before any permit shall be issued by the Departments of the City to proceed with the work of constructing the railway and trolley system authorized by this ordinance, the said railway company shall enter into an agreement or contract with the Mayor of the City (who is hereby authorized to execute the same on behalf of the City), which agreement or contract shall be in form approved by the City Solicitor, and shall, among other things, provide that the said railway company shall agree to keep and maintain in good order at all times, whether paved, macadamized or unimproved, all streets, avenues or roads traversed by its lines of railway or by its trolley system; that the said railway company shall agree to accept as binding upon it the terms and conditions of all laws and ordinances now in force, or which may hereafter be passed, relating to the government, control or regulation of railways or railroads of any kind within the City; that in the construction and equipment of its road-bed, cars or its trolley system, all kinds and character of materials, supplies or workmanship, plans, profiles, elevations, designs, etc., shall be subject in every way, at all times, to the approval and inspection of the Departments of Public Works and Public Safety; that the said company shall take down and remove the overhead trolley system whenever directed to do so.

That the said Railway Company shall run cars over their entire line, at intervals not exceeding five minutes, between the hours of 6 and 9 A. M. and 5 and 8 P. M., and at intervals not exceeding ten minutes at all other hours of the day, excepting between the hours of 12 midnight and 5 A. M., when they shall run at least every hour. The rate of fare to be charged for a single continuous ride over the entire line shall not exceed five cents per passenger, excepting between midnight and 5 o'clock A. M., when it shall not exceed ten cents.

That the railway or trolley system herein authorized shall be so built and directed as to not interfere with the building or erecting and operating of an Elevated Railway or Railroad on any of the streets or avenues herein named.

That work upon the said railway and trolley system shall be begun within six months, completed and in operation over the entire route herein named within one year, and that the said "Railway Company" shall furnish and execute a bond in the form approved by the City Solicitor, and with security approved by the Mayor, in the sum of twenty-five thousand (25,000) dollars, conditioned upon the faithful execution and carrying out of all the terms and conditions of this ordinance and the agreement or contract herein authorized, which bond is forfeited to the City, and the money shall be paid into the City Treasury, if the said Railway Company shall default in its agreement.

Mr. Hicks moved to insert the following as Section 3, and Section 3 be made Section 4.

SECTION 3. Before any permits shall be issued by the Departments of the City of Philadelphia to proceed with the work authorized by this ordinance: The Company (or companies) designated in Section 1 shall enter into an agreement or contract with the Mayor of the City, (who is hereby authorized to execute the same on behalf of the City,) which agreement or contract shall be in form approved by the City Solici-

tor, and shall among other things, provide that the said "Railway Company" (or companies) shall, under the supervision of the Department of Public Works, repave in good substantial, workmanlike manner, with Belgian blocks or other improved pavement, as directed by ordinance of Councils or by the Department of Public Works, in a manner to be prescribed by and to the satisfaction of the said Department, all streets to be occupied by it (or them) under this ordinance not already repaved with such improved pavements, and also all other streets heretofore repaved with an improved pavement, the repaving of which is not satisfactory to the said Department; said repaving to be done from curb to curb for such length of street as shall be occupied by poles, trolley wires, or by other electric motive power system, and such repaving shall be commenced upon each of the said streets as soon as the construction of the roadbed or of the poles or trolley wires or other electric motive power system shall be commenced thereon, and shall be pushed and completed with all reasonable and proper diligence as rapidly as such system is being constructed in said streets, or as Councils may by ordinance otherwise direct; if not thus pushed, the Department of Public Works may enter upon the streets and complete the same at the expense and cost of the said railway, trolley or other electric motive power company (or companies) constructed therein, and that said company (or companies) shall at all times hereafter keep and maintain in good order, whether paved, macadamized or unimproved, all streets, avenues or roads traversed by its (or their) lines of railway or by its (or their) trolley system, and such repaving or repairing aforesaid shall not free the said company (or companies) from any other paving, repaving and repairing of the streets occupied by it (or them) that may be required by any ordinance of Councils which has been passed, or which may be passed, or from any other duty or obligation resting upon it (or them) regarding paving and repairing that is incumbent on it (or them) under and in virtue of any Act of Assembly.

That the said Railway Company (or companies) shall agree to accept as binding upon it (or them) the terms and conditions of all laws and ordinances now in force, or which may hereafter be passed, relating to the government, control or regulations of railways or railroads of any kind within the City of Philadelphia. That in the construction and equipment of the roadbed, cars or trolley system, all kinds and

character of materials, supplies or workmanship, plans, profiles, elevations, designs, etc., shall be subject in every way, at all times, to the approval and inspection of the Departments of Public Works and Public Safety. That the said Company (or companies) shall take down and remove the overhead trolley system, and substitute therefor an underground or storage battery system, whenever directed to do so by ordinance of Councils.

That the said Railway Company (or companies) shall run cars over their entire line at intervals not exceeding five minutes, between the hours of 6 and 9 A. M. and 5 and 8 P. M., and at intervals not exceeding ten minutes at all other hours of the day, excepting between the hours of 12 midnight and 5 A. M., when they shall run at least every hour. The rate of fare to be charged for a single continuous ride over the entire line (without change of cars) shall not exceed five cents per passenger, excepting between midnight and 5 o'clock A. M., when it shall not exceed ten cents.

That the railway or trolley system herein authorized shall be so built and erected as to not interfere with the building or erecting and operating of an elevated railway or railroad on any of the streets or avenues herein named.

That work upon the said railway and trolley system shall be begun within six months, completed and in operation over the entire route herein named within one year, and that the said "Railway Company" (or companies) shall furnish and execute a bond in the form approved by the City Solicitor, and with security approved by the Mayor, in the sum of twenty-five thousand (25,000) dollars, conditioned upon the faithful execution and carrying out of all the terms and conditions of this ordinance and the agreement or contract herein authorized, which bond is forfeited to the City and the money shall be paid into the City Treasury if the said Railway Company (or companies) shall default in the agreement herein authorized, and that fifty (50) dollars shall be paid into the City Treasury by said Company (or companies) for printing this ordinance.

The President presented the following :

Philadelphia, June 21, 1894.

WENCEL HARTMAN, ESQ.,

President of Common Council.

DEAR SIR:—I am compelled to go out of the city this A. M. on business. I regret that such is the case, as I feel that I am neglecting a duty I owe the citizens of Philadelphia in not being able to cast my vote against the Boulevard Bill.

I have received many communications from the residents of the Twenty-first Ward protesting against the passage of this ordinance; also, many personal appeals to vote against it. I would like to be placed upon the record as being unqualifiedly against the bill.

I am, with respect,

A. ELLWOOD JONES.

Which was read and ordered to be placed on the journal.

Mr. Smithers moved to proceed to second reading of bill No. 119, entitled "An Ordinance to approve the contract and surety of Cooper & Atkinson, for the construction of a main sewer connection with the Intercepting Sewer, Manayunk, from the Philadelphia and Norristown Railroad across Main street at Sumac street; the contract and surety of Johnston & Byrens, for the erection and roofing in of the main building of the High School on the lot of ground situate on the west side of Broad street, between Green street and Brandywine street; the contract and surety of Doyle & Doak, for the erection of a fire-house on a lot of ground situate at Twenty-sixth street and York street; the contract and surety of the American Artificial Stone Paving Company, for paving and curbing around the supply building and new drip to Neufchatel roofs at the new County Prison; the contract and surety of Charles McCaul, for the erection of a stable and wagon-house and for grading at the new County Prison; and the contract and surety of P. E. Costello, for work at the new County Prison in connection with the water supply, sewerage and plumbing, and painting the wood and metal roof of enclosing wall and guard-house and gutters of supply and administration buildings."

Which was not agreed to.

The section was agreed to.

The title was agreed to.

The bill was read a third time,

And on its final passage,

Mr. Roberts raised the point of order that this ordinance as originally introduced and referred to committee only embraced so much of the Boulevard as is between Nineteenth street and Fairmount Park, and that in extending from Nine-

teenth street to City Hall the committee originated legislation in violation of law.

The President decided that the point was not well taken.

Whereupon Mr. Roberts presented the following :

We appeal from the decision of the Chair—viz., the original ordinance introduced into Councils and referred to Committee only authorized the opening of the Park Boulevard from Nineteenth street to Fairmount Park, and the opening from Nineteenth street to City Hall was originated by the Committee, and, in our judgment, is not before Common Council as required by law.

CHAS. ROBERTS,
CHAS. F. ISEMINGER.

The President called Mr. Hicks to the Chair.

The question being, shall the decision of the Chair stand as the judgment of Council,

The yeas and nays were required by Mr. Roberts, seconded by Mr. Hawkes, and were as follows :

A majority of the members elected having voted in the affirmative,

It was agreed to,

And the bill passed.

Mr. C. K. Smith presented the following:

In voting against this bill (No. 104, Common Council Appendix—the Boulevard Bill)—I do so because I feel satisfied that the large mass of taxpayers and people of Philadelphia are bitterly opposed to it, and that it is a useless and needless expense, and when we have so many pressing needs from all sources that will involve the expenditure of many millions and cause a large increase of the tax rate.

CHAS. K. SMITH,
Twentieth Ward.

June 21, 1894.

Mr. Lambirth presented the following :

I vote "No" because I am not satisfied that there will come sufficient funds in the hands of City Treasurer to pay for such an expenditure and the necessary requirements of the city without the creation of a loan or increase in the tax rate.

Mr. Van Osten moved that Council do now adjourn.

Which was agreed to.

And Council adjourned.

Thursday, June 21, 1894.

Less than three-fifths of the members elected having voted in the affirmative,

It was not agreed to,

And the bill fell.

And the veto of the Mayor was sustained.

Mr. Hicks presented the following :

Mr. President and Gentlemen
of Common Council.

During the consideration of the ordinance to authorize the opening of the Park Boulevard very much has been said and written upon both sides of the case, so much indeed that it would be folly to make an effort to go over the matter in detail.

Inasmuch as many of the statements which have been made either in speech or publication are calculated to reflect upon the credit and standing of our City, and are in many cases an unjust and unwarranted criticism of these Councils, I am persuaded they should not be allowed to go unanswered.

With your permission I would respectfully ask leave to present for your consideration and for the consideration of all who may be interested, the following statements, as expressing my views of the several principal points to which I would draw your attention, and ask leave to have them recorded as my reason for feeling constrained to vote for the passage of the ordinance in question notwithstanding the veto of his Honor, the Mayor.

I offer these remarks not in a spirit of opposition nor with a desire to unduly or unnecessarily criticise or blame any individual or department, but simply for the purpose of justifying our action as members of Councils, and to prove that we have amply provided for all the departments.

Boulevard Ordinance.

In relation to the Park Boulevard Ordinance, the veto of which is now before you, I would say, I believe all objections to this measure are covered by the following:

First. The oft repeated story that the ordinance was not properly considered—that it was a species of hasty legislation.

Second. That the measure was one of such vast importance that it should be submitted first to a vote of the people for their determination.

Third. That the ordinance in question does not carry with it an appropriation, hence all the expense must be met by issuance of mandamus executions, and the mandamus is an evil that must be checked.

Fourth. That there is no demand or need for such an avenue as proposed.

Fifth. That there are many other public works needed before we should have a Boulevard.

Sixth. That the finances of the City do not justify such an expenditure at this time.

Let us consider these questions in regular order.

First, as to Hasty Legislation, etc.

This objection is fully met by an examination of the records of Councils, and I venture to say it will be difficult to find an instance where any measure was more carefully, thoroughly, patiently and fully considered, the subject matter having been twice before the Survey Committee, twice before the Board of Surveyors, considered by the Highway Committee, the Committee on Finance, carefully studied by the Bureau of Surveys and Department of Public Works, and strongly recommended by the Mayor of the City, and thoroughly discussed during five sessions of Select and Common Councils, and the consideration of the matter covering a period of more than three years from June 11, 1891, the date of the introduction of the original ordinance to place upon the plans of the City, and June 22, 1894, the day of the final passage by Select Council of the ordinance to open.

Second, as to the Popular Vote.

With due regard and respect to the judgment of our fellow-citizens, I am of the opinion that, to investigate and determine just such questions is one of the fixed responsibilities of members of Councils. The average citizen has neither the time, inclination, disposition, or the facilities for a careful, thorough or proper examination of a great public improvement, such as is now before us. We, as the chosen representatives of the people, should assume our responsibility and determine the policy of the Municipal Government in these matters. Let me ask you, What would have been the fate of the Passenger Railway service in 1855 or '56, if it had been then submitted to a vote of the people?

What would have become of the proposition to introduce gas in the City many years ago, if the authorities had submitted the matter to a vote of the people?

Would we have the magnificent Park we now have, if the proposition to create the same had been submitted to a vote of the people, when the grand extension of old Fairmount was proposed some twenty-eight years ago?

We had a vote of the people on the location of the Public Buildings, yet we have heard as much unfavorable criticism as to their location, etc., as though the people had had no say in the matter.

Was not the opposition to the introduction of Gas, the Passenger Railway and the Park very much like the opposition to the Park Boulevard, and is it not all very much like the opposition to the "Trolley Railways?"—a bitter and persistent opposition—a continuous running fight until the legislation was completed and some lines built; and to-day, What have we? The companies cannot construct and put into operation fast enough the several Trolley Railways authorized.

With all respect for the judgment of others we should assume the duties of our office and accept its responsibilities.

Third—No Appropriation—Mandamus, etc.

In this I can see no objection at all; there is no difference between the character of this legislation and hundreds of other bills which Councils have passed and the Mayor has

signed during 1891-92-93 and 1894. An examination of the records of ordinances passed and approved during these four years will show that hundreds of ordinances of this character have become laws, and in none of these cases does the ordinance carry an appropriation with it, but it was known at the time and understood in nearly all if not in all these cases that the expense would be met by mandamus proceedings, which is and has for years been recognized as a proper and legal proceeding.

Among these many bills may be instanced, ordinances to authorize the taking of ground for 11 public parks and squares, for the condemnation of property in 9 cases for public schools, six ordinances to authorize the widening of streets, ordinances to authorize the revision of lines and grades in 75 cases, and ordinances to authorize the opening of 324 new streets and avenues, and others to authorize the taking of ground for new water reservoirs.

In many of these cases the damages for land and property taken will be very great and in the aggregate will be vastly more than the cost of the proposed Boulevard.

Important among these many cases are some of the Public Parks which have and which will cost from \$85,000, \$125,000 up to \$200,000 each.

The site for "Queen Lane Reservoir" will in all probability cost some \$750,000 or more.

The widening of Richmond street, extension of Girard avenue and widening of Norris and other streets in the proposed revision near Cramp's ship-yards, will perhaps cost the City not less than \$500,000.

And in the case of the revisions of lines and grades, the widening of streets, etc., some of them being very extensive, we cannot even estimate the possible damages and will not know until after the juries have assessed, the courts confirmed the awards, and the mandamus executions have been issued.

Fourth—That no such avenue is needed, etc.

To this objection we might reply by saying the same thing of any other municipal improvement. But it depends upon which standpoint we view from. There are many citizens who object to the construction of a sewer, the laying of water pipe, the paving of a street, etc. Some will object

to the widening of streets on the ground that streets that have answered the purpose of the community for the past 100 or more years do not need widening.

The people of West Philadelphia have Fifty-second street 100 feet wide, Belmont avenue 100 feet wide, Thirty-fourth street 70 feet wide. The people of North Philadelphia, Spring Garden street 120 feet wide, Fairmount avenue 80 feet wide, Girard avenue 80 feet wide, Columbia avenue 60 feet wide, Diamond street 70 feet wide and Lehigh avenue 120 feet wide, all leading direct to the Park. While the 450,000 people residing between the Delaware and Schuylkill and south of Vine street have not a single broad avenue direct to the Park.

In the heart of the City we have the New City Hall, the Masonic Temple, the new Odd Fellows' Temple, the Union League, the Academy of Fine Arts, the Manufacturers Club, the American Academy of Music, many of our leading hotels, churches and theatres, and in addition to all these we have the two magnificent railway terminals, "Broad Street Station" and the "Reading Terminal," which together handle 30,000,000 of passengers per year. Does it not follow that with all this traffic and the concentration of all public and court business at Broad and Market streets that additional avenues must be provided?

And then it would seem to me to be part of wisdom upon the part of the City, to proceed with such public works as shall add to the convenience, comfort, happiness and pleasure of our own citizens and make our City so very attractive and beautiful that the stranger when he does drop in to see us shall conclude that the City of Philadelphia is a good place to stay in.

Fifth—That there are Many Other Improvements Needed, etc.

To this there is a full and complete answer in the fact that Councils have been so liberal in their appropriation to the several departments for permanent improvements, extensions and betterments that our liberality verges upon profligacy, and the departments do not appear to be able to expend within the year the vast sums which have been placed at their disposal, and as this so nearly relates to the last objection, the

Sixth—That the finances of the City do not justify such an expenditure at this time.

Let me here consider the subject matter of these two objections together, and in doing so, believe, I can fully demonstrate my claim that "The criticisms of many reflect upon the credit of our City;" "In many cases it is an unjust and unwarranted criticism of Councils;" "That our care of the departments in the matter of appropriations for permanent improvements, extensions, etc., has been liberal," and that the departments do not appear to be able to spend the money we give them each year.

In support of these statements and claims let me here present for your consideration the following comparison of the condition of affairs in 1893 as compared with the year 1877, showing the vast growth of sixteen years.

Sixteen Years' Growth.

THEN AND NOW.	For Year 1877.	For Year 1893.
Assessed value.....	\$603,068,532 00	\$752,763,382 00
Tax rate per \$100.....	2 25	1 85
Receipts from taxation.....	11,772,000 00	13,595,000 00
Receipts other than taxation.....	3,982,353 00	16,604,515 00
Total debt.....	73,574,147 00	54,275,444 00
Net debt.....	55,625,389 00	21,245,882 00
Total receipts.....	14,755,354 00	30,190,516 00
Cash payments.....	15,785,158 00	27,977,232 00
Department expenses.....	8,184,961 00	22,525,674 00
Annual payments to sinking Fund.....	809,245 00	551,440 00
Outstanding warrants.....	12,404,875 00	1,062,115 00
Amount of debt paid.....	247,730 00	4,738,300 00
Population estimated.....	800,000 00	1,200,000 00
Per capita tax receipts.....	14 72	11 32
Gross debt per capita.....	91 07	45 23
Net debt per capita.....	69 53	17 70
Department expenses, per capita.....	10 23	18 77
Per capita receipts other than taxation.....	4 97	13 84
Per capita receipts (gross).....	18 44	27 7

This will prove conclusively that while the population has increased 50 per cent. the tax assessment has only advanced about 24 per cent., yet the tax rate has been reduced nearly 20 per cent., and that while 800,000 people in 1877 paid in taxes nearly \$12,000,000, in 1893 1,200,000 people paid only \$13,500,000, so that in the latter year the per capita tax was \$3.40 less than in the former year.

Then examine the following table, compare the total receipts, total payments, cost of departments, etc., etc., and you will ascertain that in each successive period the departments have received not only larger amounts, but a much larger per centage of the total:

Period.	Total Receipts.	Total Payments.	Cost of Departments.	Departments Cost Percentage of Total Payments.
1879 to 1882, 4 years.				
Total.....	\$66,109,769 92	\$65,045,116 72	\$27,515,101 29	
Yearly average.....	16,227,441 98	16,261,279 18	6,878,775 32	42.30
1883 to 1886, 4 years.				
Total.....	57,398,412 52	57,815,924 09	34,384,297 77	
Yearly average.....	14,349,603 13	14,453,981 02	8,596,074 44	59.47
1887 to 1890, 4 years.				
Total	81,329,001 51	80,548,636 81	59,033,116 11	
Yearly average	20,332,250 37	20,137,159 20	14,758,279 02	72.58
1891 to 1893, 3 years.				
Total.....	78,456,850 57	74,271,430 37	57,473,111 61	
Yearly average.....	26,152,283 52	24,757,143 45	19,157,703 87	77.38

While taxation has proportionately lessened, the growth of our City has been such that we spend upon our departments three times as much as they cost seventeen years ago.

The Keystone Bank, Spring Garden Bank and the City Treasury troubles came upon the City without warning, millions of money was tied up, and no one could tell for how long, yet the City government moved along with hardly a ripple. The affair has been settled and no man can say that it has crippled.

Column No. 1 shows the aggregate of the appropriations in each period.

Column No. 2 shows the lawful obligations which includes interest on loans, State tax on loans, the amount of loans falling due, Sinking Fund charges towards the redemption of maturing loans; the amount set aside for mandamus executions and the amount deducted for any estimated deficit.

Column No. 3 shows the amount merging and not merging at the end of each year, which represents the amount of the year's appropriations which have not been expended within the year, whether under contract or not.

Column No. 4 shows the total cash payments made within the year, representing only the actual cash paid out.

Column No. 5 shows the balance of cash in the Treasury at the close of the year.

Column No. 6 shows the warrants countersigned by the City Controller.

Column No. 7 shows the warrants which, while countersigned, were not presented for payment at or before the end of the year.

Column No. 8 shows the amount of warrants of previous years paid by the City Treasurer.

Column No. 9 shows the actual amount of money paid by the City Treasurer on account of mandamus executions.

Column No. 10 shows the net department expenses during each period and the yearly average.

A careful study of this table will show conclusively that during the period of twelve years covered by the table, while the tax rate has been maintained at \$1.85 on the hundred, the annual appropriations have increased from \$15,606,198.57 in 1883 to \$39,833,668.70 in 1894, being an increase in eleven years of nearly 155 per cent, while during the same period the lawful obligations of the City, as shown in column No. 2, have only increased \$612,115.36, about 12 per cent.

It is also worthy of note that from 1883 to 1886, inclusive, the average amount of money which annually went over unexpended was \$1,297,511.83, while during the three years 1891 to 1893, inclusive, the average annual amount unexpended was \$3,313,653.18, the last year of the three, viz.: 1893, being \$3,926,181.50, and, beyond doubt, at the end of the

current year 1894, the amount which will remain unexpended will greatly exceed five millions of dollars, without considering the Reading Subway of \$6,000,000, in all some \$11,000,000.

C—As has been stated, column No. 3 showing the amount of money merging and not merging (which means the amount of the year's appropriations which the departments could not expend within the current year), it will add additional interest to those who study this table to examine a little further into the details.

D—The burden of the argument of that class of citizens who so strongly oppose the opening of the Park Boulevard (and I may say the same class of citizens who heretofore have bitterly opposed all such enterprises), has been the want of improved school accommodations, a better water supply, a better sewerage system and a general improvement of highways (improved pavements, but by a little alone, as surprising as it may seem) of the total sum of \$3,926,181.50 which remained unexpended at the end of the year, \$3,313,500 was divided among four of the bureaus or departments, as follows:

Board of Public Education (nearly all on account of new school buildings and lots)	\$437,500
Bureau of Highways (nearly all of which was for paving, repaving, grading and improvements of highways)	556,000
Bureau of Surveys, main and branch sewers	\$82,000
North Penn grade crossings	200,000
New bridges	31,200
Miscellaneous items	3,700
	1,117,000
Bureau of Water (on account of new boilers, new engines, pumping stations, high level services, new reservoirs, extensions and general improvement of water supply)	\$1,196,900
Miscellaneous items	5,100
	1,205,000
	\$3,313,500

the City financially or caused an increase in the tax rate. On the other hand the Mayor of our City has placed 3 and $3\frac{1}{2}$ per cent. loans at a premium quite recently.

Without going into the effect of the decision of the Supreme Court as to the right and power of the City to borrow money or as to how much we have the right to borrow, we will for the sake of being within bounds accept the limit of \$5,000,000 as being all the City can now borrow without a vote of the people, or if you please let us not consider this side of the case at all but confine the examination to appropriations already made and see what has been accomplished and learn if it be so, "That we are giving the departments more than they can spend," and if we find this to be the case had we not better consider the advisability of economizing by cutting down department appropriations, or at least attempt to find out where the weak points are.

The improvement in the condition of our City finances during the past sixteen years has been so marked that it does not require any argument to prove this fact.

It is worth while remembering, however, that notwithstanding the great increase in our appropriations to the departments year by year, the burden of our indebtedness has been cut down from about \$86,000,000 in 1877 to about \$54,000,000 in 1893, a decrease of about \$32,000,000; effecting a saving in interest charges alone of from \$1,600,000 to \$1,980,000 per year, and probably more nearly the latter sum. This exhibits the strong point of difference between the old system, when we had nearly \$12,500,000 in outstanding warrants (the floating debt), bearing interest at 6 per cent., and the present method of doing business, of not issuing warrants and of not doing work unless the cash is in the Treasury to meet the expenses incurred.

I now present for your consideration a table compiled from the annual reports of the City Controller, divided into periods of four years each and embracing the following: First period, years 1891 to 1894, inclusive; second period, years 1887 to 1890, inclusive; third period, 1883 to 1886, inclusive; the whole showing in each period the aggregate of each item specified and the yearly average amount.

The foregoing table in a general way shows in comparison the wonderful strides made by the City in the aggregate. I would especially direct your attention to a careful examina-

tion of columns Nos. 1, 3 and 10, and to notes A, B, C and D at the bottom of the table.

I am sure a careful review will convince any one of the fact that the City of Philadelphia is in a better condition financially than any other large City we know of.

Having considered the finances of the City in a general way so far as they relate to receipts and appropriations, let me now direct your attention somewhat more in detail to the matter of permanent improvements, extensions and betterments.

Taking up the Bureaus of Highways, Surveys, Water and Gas, and the Department of Education, I think there will be little trouble in proving to you the fact that we have been very liberal in our appropriation, and that we have in no case permitted the Bureaus to suffer.

Appropriations for Account of Permanent Improvements, Extensions, etc., etc.

	1883-1886.	1887-1890.	1891-1894.	Total amounts.
Highways.....	\$2,392,965 68	\$2,778,915 15	\$5,414,375 59	\$10,586,256 42

Water.....	1,661,988 65	2,444,653 96	7,477,555 94	11,584,198 55
Gas.....		1,125,805 18	1,803,925 13	2,929,730 31
Education.....	1,227,589 60	2,582,803 73	3,899,018 26	7,709,411 59
Reading Subway.....			6,000,000 00	6,000,000 00
Total.....	\$6,430,626 98	\$13,514,711 29	\$33,754,895 02	\$53,700,233 29

And of this total of \$53,700,000, the sum of \$33,700,000 was given in the past four years, as against the total of \$20,000,000 for the preceeding eight years.

While it is conceded on all sides that our highways are rapidly being brought into better condition, that our sewerage and underground drainage is much improved, we can congratulate ourselves that the appropriation of nearly \$15,000,000

to the Bureaus of Highways and Surveys during the past four years, and the work following the construction of "Trolley Railways," is rapidly improving the condition of our streets.

Bureau of Highways.

In this Bureau the appropriations have, during the past twelve years, amounted to over ten and a half million of dollars for permanent improvements, extensions and new work; of this total there has been given to the Bureau during the years 1891 to 1894, inclusive, nearly \$5,500,000, and there can be no doubt that during the years 1893 and 1894 the several railway companies will have spent in improving the streets covered by the trolley lines at least \$3,000,000, thus making not less than \$8,500,000 which will have been expended in improving our highways during the present administration, and finally, under the direction of this Bureau the great work of the "Reading Subway" will be carried forward, by which the tracks of this company will be depressed and all the grade crossings now existing on the line of Pennsylvania avenue will have been abolished. For this great work the sum of \$6,000,000 has already been provided, and it is only a question of time when the work will be completed.

Bureau of Surveys.

In the Bureau of Surveys great advancements have been made, particularly in the construction of main and branch sewers, new bridges, and in the abolishment of grade crossings.

The appropriations for this class of work during the past twelve years having been nearly \$15,000,000, of which more than \$9,000,000 has been given for the years 1891 to 1894, inclusive.

Bureau of Gas.

This Bureau did not come directly under control of the city as one of the departments until during the term of Mayor Fitler, and it was only completely organized as one of the Bureaus of the Department of Public Works after the first of April, 1887. During the year 1886, the last year of the operation of the works under the Trustees, the total output of gas was 2,946,407,000 cubic feet, which has increased each

year since until in 1893 the total output was 3,803,316,000 cubic feet, being an increase in seven years of nearly 900,000,000 cubic feet.

Immediately upon taking charge of the works certain reforms and economies were instituted, with the result of reducing the cost of putting gas in the holders from 70 cents per 1,000 cubic feet in 1886 to 67 cents in 1887, and 66 cents in 1888, and in 1893 I am told it was less than 60 cents per 1,000 cubic feet. In January of 1889 work was commenced under the contract with the "Philadelphia Gas Improvement Co.," and has since continued. Under this contract the total output of the works was materially increased at cost of only 37 cents per 1,000 cubic feet for the gas put in city holders.

In addition to this practical enlargement of our plant we have given the Bureau of Gas for improvement, extension, etc., during the years 1887 to 1894, inclusive, the sum of nearly \$3,000,000. When we consider the output of our works in 1888 by the old process was a total of 3,209,874,000 cubic feet, and the output of the new water gas plant in 1893 was a total of 1,464,197,000 cubic feet, which, together, would indicate an ability to produce by the two plants nearly 4,700,000,000 cubic feet, and taking into consideration the before-mentioned fact that we have given the sum of nearly \$3,000,000 for the improvement of the old plant, and the distribution service, we may well ask why should not the Bureau be able to meet all demands? Why can we not produce and furnish all the gas that may be required at \$1.00 per 1,000 cubic feet and still make money?

The serious question for our consideration in the very near future is this. If it is a good thing to have one-quarter, one-third, or one-half our supply made for us under contract at 37 cents per 1,000 cubic feet, while it costs us 58 or 60 cents per 1,000 cubic feet to make the balance, would it not be better to have four-fifths, three-fourths or the entire supply made for us under contract at a cost of 37 cents or less per 1,000 cubic feet or make an effort to make our gas at a cost not exceeding 37 cents per 1,000 cubic feet. Remember that our gas put in the holder for 37 cents plus 23 cents for distribution and 10 cents for loss, etc., will be a total cost of 70 cents to the consumer, and that at \$1.00 per 1,000 cubic feet we would net 30 cents per 1,000 cubic feet, or some \$750,000 per year on the present sale. This can be done and should be done.

Department of Education.

Very much has been said as to the needs of the Department, and Councils have been very severely criticised because we have not given the "Board of Education" as much money as many people thought we should. A careful examination of the records will, I think, prove conclusively that we have given them quite as much as they could wisely or judiciously expend.

Let me direct your attention to the following :

	1883.	1893.
Total average number in schools during year.....	104,504	121,625
Increase in ten years, 17,121 pupils, being over 16 per cent.		
	1883.	1893.
Total appropriation for the year.....	\$1,967,082	\$3,898,696.74
Increase in ten years, \$1,931,614.74, being over 98 per cent.		

And I may here add that during the period from 1883 to 1894, both inclusive, we have given the Board of Education, for improvements and betterments, the aggregate sum of \$7,709,411.59, of which nearly \$4,000,000 was for the years 1891, 1892, 1893, and 1894.

On an average of \$70,000 for each school house of 15 divisions complete, \$7,000,000 spent in 10 years would provide for 100 new schools or 1,500 new divisions, each of which would give room for 50 pupils or in all 75,000 pupils, an average of 7,500 per year, while the department reports in 10 years show an increase of only 17,121 pupils. Why is this?

Yet they will tell us that we have not properly looked after the interests of the public schools.

Bureau of Water.

Last but not the least of the important public work is the water supply—the Bureau of Water. Of this Bureau we have heard very much in the way of complaint, and very often have we read in the public press and listened to the statements presented which would lead to the conclusion that there were real danger from a water famine. We have heard and read so much about the enlargement of the water supply—"the South Mountain," "the Water Gap," "the Blue Mountain," "the Point Pleasant," "the Perkiomen," "the Schuylkill

Navigation Co.'s" project, and the many other propositions, involving from \$10,000,000 or \$20,000,000 up to, it has been variously estimated, some \$60,000,000, \$80,000,000, or \$100,000,000. We have heard much as to the reports of Engineers and Commissions, yet I am forced to admit that we have not now before us, nor have we ever had any definite or conclusive report embodying a distinct and satisfactory recommendation.

If my memory is not at fault, it has been within the past year that we have had a request from the Mayor and the Department of Public Works, asking for an appropriation of some \$5,000 for the appointment of a select commission of three experts to take up for study and examination the data in the "Bureau of Water," for the purpose of aiding that Bureau to formulate and present to the Councils a definite and conclusive recommendation on this all important subject.

Now, notwithstanding all this, let me direct your attention to what the Bureau has done—what it should now be able to do—as well as to what we have done to aid in the improvement and extension of this Bureau.

First, let us look to the ability of the Bureau to meet the demands of the public. To do this let me make a comparison as between the years 1885 and 1893.

Special items.	1885.	1893.	Percentage of Increase.
Estimated population.....	953,000	1,190,493	24 $\frac{3}{4}$ %
Total yearly pumpage.....	25,165,020,072	65,352,736,987	159
Daily average pumpage.....	68,945,260	179,048,594	159
Daily per capita consumption.....	72	150	108 $\frac{3}{4}$ %
Maximum in any one day.....	102,191,679	222,518,845	118

By this it would appear that during the period covered, while the population had increased less than 25 per cent., the daily per capita rate of consumption had advanced over 108 per cent. The daily average pumpage and the total yearly pumpage had increased some 159 per cent.

There can be no doubt that the demand for water in our City has grown very rapidly of late years, due in a great measure to the very general introduction of improved sanitary appliances; but it must be acknowledged, when we consider

the rate of consumption in London at 45 gallons per day, per capita as compared with our 150 gallons per day, it very strongly persuades us to the belief that there must be also great waste.

To ascertain the true conditions, and to apply a proper remedy to stop the waste, and yet not curtail the proper use of water, is one of the very important matters for the Bureau to consider, and we should enact such legislation as will make it possible to carry the remedy into effect.

In view of this great increase—in response to the great demands—what have Councils done in the way of improvements? Let me here call your attention to the following table which I have prepared from figures obtained from the Bureau of Water.

This table will show just what the Bureau was able to pump December 31, 1885, what the addition has been since, and what the addition will be between this time and December 31, 1895.

It will prove that the capacity to pump water has been increased during the eight years 108,250,000 gallons per day, or nearly 36 per cent., while the population has advanced less than 25 per cent., and it will prove that we will have, when all the new pumps are completed, an additional capacity of 110,000,000 gallons per day. That while the per capita capacity for 1886 was 172 gallons, for 1893 it has been 227 gallons, and for 1895 and thereafter it will be over 300 gallons per day, and that we have furnished nearly \$800,000 for this new pumping machinery, without taking into consideration new stations, boilers, pumping or distributing mains, &c.

I have assumed of course that the new pumping machinery, as well as the mains for pumping to and distributing from the *Queen Lane Reservoir*, will be completed and ready for use when the Reservoir is ready, and as we have the assurance of the Bureau that the Reservoir is about done and they expect to have it in use by the end of the year, there can be no doubt of the City having the benefit of this improvement next year.

Hand-in-hand with pumpage goes the storage system.

This is no less important than the pumpage, and I herewith present for your consideration another table on the storage reservoirs.

Cost of completing East Park Reservoir, \$656,140; New Roxborough, \$500,000; Queen Lane, \$1,169,591; total, \$2,315,731.

This table will show what great advance has been made in the ability of the City to store its water for subsidence and distribution. You will see that from a capacity of 195,414,-200 gallons, (all reservoirs in service December 31st, 1885,) we have advanced by the completion of the East Park and the New Roxborough, to a total storage of over 1,017,000,000 gallons, being an increase of over 400 per cent. in our ability to store water, and in addition to all this we have completed and ready for use the new Queen Lane Basin, with nearly 400,-000,000 gallons capacity, which will, in the aggregate, give us January 1st, 1895, a total capacity of over 1,400,000,000 gallons, being an increase of more than 600 per cent. in about nine years. We have spent for this new storage capacity an aggregate of \$2,315,731, which, with the cost of new pumps, make a total of about \$3,100,000 for these two items. In view of these facts, why should we fear a water famine?

Again referring to the table given above showing the appropriation for permanent improvements, extensions, &c., let me impress upon your mind that any city which can appropriate during a period of some twelve years for expending upon :

Highway improvements.....	\$10,586,256	42
Main sewers, branch sewers, new bridges, &c.....	14,890,636	42
Extension and improvement of water service.....	11,584,198	55
Extension and improvement of gas service.....	2,923,730	31
New lots, buildings and improvements—education.....	7,709,411	59
Reading subway—grade crossings.....	6,000,000	00
An aggregate of some.....	\$53,700,233	29

And this, without increasing the tax rate, is not the slowest city in this great country. Considering all I have presented to you, had we not, in view of all the circumstances, better ask ourselves the question, are we not in duty bound to economize by reducing the annual appropriations to the several departments?

Unless, we may add, they prove better their ability to expend it.

Conclusion.

In conclusion, let me say I have in my poor way sought to answer all objections raised against the "Park Boulevard," to disprove the unfair and unjust criticism as against these

Councils, to prove that the City of Philadelphia is sound and strong financially, that it is growing stronger day by day, that the burden of taxation is now and has been proportionately lessening each year, yet we continue year by year to increase our appropriations in the aggregate, and each year give to the various departments a larger proportion of the total.

I believe I have established the fact that our highways are greatly improved, that the "Bureau of Surveys" has been amply provided for, that the work of these Councils has been all that was necessary to enable the Bureau of Gas to meet all demands.

As to the "Bureau of Water," I feel that I have already established the fact that these Councils have placed at the disposal of the Bureau appropriation, which if properly utilized, should put the works in such condition that there would not be a scarcity of water at any season of the year.

The Department of Education, for which Councils have many times been severely criticised, is one of the departments to which, I think, we have given particular care and attention, and I think it has been shown beyond doubt that we have given the Board of Education enough money to properly house and look after every child in Philadelphia desirous of attending the schools.

If my work results in presenting information worthy of consideration, it amply repays me for the work of preparing these remarks. I do not seek to induce or persuade you to vote either one way or the other upon the question now before us; each one should do his duty as he may understand it. Personally I arrived at my conclusions only after a careful study of the matter in all its bearings, and I am fully convinced that *in the near future the defeat of the ordinance to open the Park Boulevard will be considered a great mistake, and one which will be a loss to the city.*

So Common Council concurred.

Select Council informed Common Council that they had received a report from the Electrical Committee with bill No. 100 annexed, entitled "An Ordinance to authorize the Edison Electric Light Company of Philadelphia to lay and maintain underground conduits and electrical conductors, to make house connections, and to build manholes in certain streets," which they had passed.

Also, that they had passed a resolution entitled "Resolution of request to the Department of Public Works to change the location of four gasoline lamps in the Twenty-second Ward."

Also, that they had passed a resolution entitled "Resolution to relocate one electric light in the Fourteenth Ward."

Also, that they had concurred in the following, to wit: "Resolution to direct the Director of Public Safety to change the location of an electric light in the Fifteenth Ward." (Appendix No. 161.)

"Resolution to change the location of an electric light in the First Ward." (Appendix No. 162.)

“Resolution of request to the Director of Public Safety to deliver to the survivors of the Harmony Engine Company an old hose carriage now in possession of said Department.” (Appendix No. 163.)

“Resolution of request to the Director of Public Works relative to an additional water supply.” (Appendix No. 185.)

The President appointed Mr. Pigott on the Committee on Gas, in place of Mr. Reed, resigned as a member.

Select Council informed Common Council that they had received a report from the Committee on Street Passenger Railroads with bill No. 127 annexed, entitled “An Ordinance to grant permission to the East Aramingo Avenue Passenger Railway Company to lay tracks on Aramingo avenue from the intersection of Somerset street and Aramingo avenue to the northeasterly side of Church street, to use electric motors, to be supplied from overhead wires, and to erect and maintain poles to support said wires.”

Council proceeded to second reading of the bill.

The first section was again read, and agreed to.

The second section was again read, and agreed to.

The third section was again read, and agreed to.

The fourth section was again read,

And pending the consideration thereof the hour of 6 o'clock arrived, and the President declared Council adjourned under the rules.

APPENDIX No. 4.

OFFICE OF THE MAYOR.

Philadelphia, April 5, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration, a communication from James H. Windrim, Director of the Department of Public Works, requesting an additional appropriation to the Bureau of Water.

I am, respectfully,

EDWIN S. STUART,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 4, 1894.

HON. EDWIN S. STUART,

Mayor of the City of Philadelphia.

DEAR SIR:—I have the honor to report, that the amount appropriated to the Bureau of Water for the purchase of coal during 1894, is insufficient for the requirements of the Bureau, and it will therefore be necessary to make an additional appropriation of \$75,000 to cover the deficiency.

This deficiency is due to the following reasons: First, \$39,137.31 was taken from this year's appropriation to settle the claims for coal purchased during 1893, the appropriation for which became exhausted before the close of the year. Second, the increased price of coal per ton. Third, an increased pumpage of water for the current year will necessitate a greater consumption of coal.

The money now available will be sufficient for about six months supply, for which a contract has already been entered.

In order that the Bureau of Water may have adequate funds with which to purchase coal during the entire year, will you please request that Councils make an additional appropriation of \$75,000 for the purpose, to Item 2, Bureau of Water.

Yours respectfully,

JAMES H. WINDRIM,

Director.

APPENDIX No. 5.

OFFICE OF THE MAYOR.

Philadelphia, April 5, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration, a communication from Abraham M. Beitler, Director of the Department of Public Safety, forwarding a

copy of a Resolution of the Board of Health, requesting an additional appropriation to the Bureau of Health.

I am, respectfully,

EDWIN S. STUART,
Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, April 4, 1894.

HON. EDWIN S. STUART,
Mayor of Philadelphia.

DEAR SIR :—I beg to send you herewith a resolution of the Board of Health, asking for an additional appropriation to Item 9, in the annual appropriation to that Bureau of \$6,000.

I would request that you transmit it to Councils with such recommendation as to you may seem proper.

Yours respectfully,

ABRAHAM M. BEITLER,
Director.

OFFICE OF BOARD OF HEALTH.

Philadelphia, April 4, 1894.

ABRAHAM M. BEITLER, ESQ.,
Director of Public Safety.

DEAR SIR :—I am directed by the Board of Health to transmit to you the following copy of Resolution adopted this date, and request that the same be transmitted to City Councils.

Yours respectfully,

WM. P. TROTH,
Chief Clerk.

Resolved, That City Councils be respectfully requested to make an appropriation to the Department of Public Safety, Bureau of Health, Item 9, for the care of patients, including the pay of cooks, nurses, firemen, gardeners, drivers of ambulance, disinfectors, etc., in the amount of six thousand (6,000) dollars, the appropriation to this item having been exhausted.

APPENDIX No. 6.

OFFICE OF THE MAYOR,

Philadelphia, April 5, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I have the honor to herewith transmit for your consideration, a communication from William H. Lambert, President of the Department of Charities and Correction, requesting certain transfers in the annual appropriation to that Department.

I am, respectfully,

EDWIN S. STUART,
Mayor.

DEPARTMENT OF CHARITIES AND CORRECTION.

Philadelphia, March 16, 1894.

HON. EDWIN S. STUART,
Mayor of Philadelphia.

DEAR SIR :—Enclosed please find a form of an Ordinance asking for certain transfers in the annual appropriation to the Department of Charities and Correction, Bureau of Correction, for the year 1894.

This sum is for the purpose of establishing a nursery for the care of the infants of female inmates.

Yours respectfully.

WM. H. LAMBERT,
President.

AN ORDINANCE.

To authorize certain transfers in the annual appropriation to the Department of Charities and Correction, (Bureau of Correction), for the year 1894.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Controller be, and he is hereby authorized to make the following transfers in the annual appropriation to the Department of Charities and Correction (Bureau of Correction), for the year 1894: from Item 31, boilers and cauldrons, and repairs to boilers, walls and furnaces, four hundred (400) dollars; to Item 1, salaries (with board) two hundred and forty (240) dollars; to pay salary of a nurse from May 1st, at the rate of three hundred and sixty (360) dollars per annum; to Item 21, for furniture, steam fitting and miscellaneous articles, one hundred and sixty (160) dollars for necessary furniture and appliances for nursery.

APPENDIX No. 7.

RESOLUTION

Relative to the sale of the City's Gas Plant.

WHEREAS, Numerous citizens entertain the belief that a scheme is being perfected by which the control of the gas supply is to be taken from the City, and vested in the hands of private parties, therefore be it

Resolved, That it is the judgment of the Common Council of the City of Philadelphia that the gas works of the city should not be sold, and we hereby express our disapproval of the alleged efforts now being made in that direction.

Resolved, That legislation should speedily be had providing for the enlarging, improving and perfecting the City's Gas Plants, so as to make the furnishing of better gas at \$1.00 per 1000 cubic feet, an assured *fact* to the consumer, and with no loss to the City.

APPENDIX No. 8.

RESOLUTION

Of instruction to the Committee on Street Cleaning to investigate the subject of destruction of garbage.

WHEREAS, The destruction of the City's garbage and combustible waste was provided for by a very largely increased appropriation for the year 1894, with specifications requiring absolutely that all garbage and combustible waste should be destroyed in a sanitary manner within the City limits on and after April 1st, after which date no garbage should be dumped in or removed from the City limits. And

WHEREAS, It is well-known and understood that garbage is now being dumped within the City limits, and also being removed on scows on the Delaware and Schuylkill rivers, in violation of the specifications and to the detriment of the health and comfort of the community, now, therefore, be it

Resolved, by the Common Council of the City of Philadelphia, That the Committee on Street Cleaning be, and is hereby directed to make an immediate examination and investigation of the subject and report at the next meeting of these Councils.

APPENDIX No. 9.

OFFICE OF THE MAYOR.

Philadelphia, April 13, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith return you without my approval an ordinance entitled “An ordinance to provide for the extension of the Gas Works,” my approval being withheld therefrom for the reason that the entire question of the complete reorganization of the Philadelphia Gas system, the improvements of the works, increasing the holder capacity, etc., is now before your Honorable Bodies and under your consideration, and this special ordinance can but interfere and conflict with any general legislation you may adopt for such reorganization of our entire Gas system, which reorganization, in my judgment, should be by the City herself and be consequently under her control.

I am respectfully,

EDWIN S. STUART,

Mayor.

APPENDIX No. 10.

Philadelphia, April 12, 1894.

JOHN ECKSTEIN, Esq.,

Clerk of Common Council.

DEAR SIR:—I herewith send a schedule of cases, passed upon by the Board, and reported to Councils in accordance with the provisions of ordinance approved March 24, 1883.

I would respectfully ask that you give the matter your personal attention, so as to avoid any delay, and have action taken at the earliest moment, as in one case a conveyance has taken place and part of the purchase money held back until the lien is stricken from record.

Very respectfully,

W. H. LOUGHLIN,

Clerk.

BOARD OF REVISION OF TAXES.

Philadelphia, April 12, 1894.

To the Select and Common Councils
of the City of Philadelphia.

We hereby certify that, pursuant to the authority vested in us by ordinance entitled "An Ordinance to authorize satisfaction to be entered in certain cases of taxes which appear to be delinquent," approved March 24, 1883, we have heard applications of tax payers in the cases mentioned in the schedule hereto annexed; and having been satisfied by the proof submitted in said cases respectively, that said properties should not be held liable for delinquent taxes thereon, we have so certified to the Collector of Delinquent Taxes, and now, within thirty days after our findings, make report thereof to your Honorable Bodies.

APPENDIX No. 19.

Philadelphia, April 19, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the “Ordinance to amend an ordinance approved April 9, 1894, entitled ‘An Ordinance to authorize the repaving of certain streets, the construction of sewers, and the laying or relaying of gas or water pipe therein, and for work contingent therewith,’” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Jno. M. Walton (*Ch’n*), Thomas L. Hicks, J. Gordon Showaker, Jr., C. C. Bastian, Samuel Lamond, J. C. Keith, Fred. C. Simon, W. Harry Stirling, Saml. P. Town. Wm. F. Brown, P. A. McClain, Watson D. Upperman, T. B. McAvoy, Jos. H. Brown.

AN ORDINANCE

To amend an ordinance approved April 9, 1894, entitled "An Ordinance to authorize the repaving of certain streets, the construction of sewers and the laying or relaying of gas or water pipe therein, and for work contingent therewith."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance approved April 9, 1894, entitled "An Ordinance to authorize the repaving of certain streets, the construction of sewers, and the laying or relaying of gas or water pipe therein, and for work contingent therewith," be altered and amended in so far as it relates to the repaving of Jacoby street, from Cherry to Monterey street, in the Tenth Ward, by providing that said street shall be repaved with sheet asphaltum instead of granite blocks, and by striking out the words "Girard avenue," and inserting the words "Wilkey street," relative to the repaving of Vienna street, and by adding under the streets to be repaved with sheet asphaltum the words "East Susquehanna avenue, from Thompson to Belgrade street."

APPENDIX No. 20.

Philadelphia, April 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Street Cleaning, to which was referred the following resolution passed by Common Council on Thursday, April 5, 1894, to wit:

WHEREAS, The destruction of the City's garbage and combustible waste was provided for by a very largely increased appropriation for the year 1894, with specifications requiring absolutely that all garbage and combustible waste should be destroyed in a sanitary manner within the City limits.

AND WHEREAS, It is well known and understood that garbage is being dumped within the City's limits, and also being removed on scows on the Delaware and Schuylkill rivers, in violation of the specifications, and to the detriment of the health and comfort of the community; therefore, be it

Resolved by Common Council, That the Committee on Street Cleaning be, and is hereby directed to make an immediate examination and investigation of the subject, and report at the next meeting of Councils.

Respectfully report that they have attended to the duties required of them thereunder, and find that the contract to gather and destroy the garbage and waste of the First District, which comprises all that part of the City south of the north side of South street and from river to river, was awarded to the American Incinerating Company; the terms and conditions of said contract bound them to gather and destroy all the garbage and combustible waste of said District by incineration, and that the said destruction was to be commenced by them on January 1, 1894; and we find, on the authority of the Executive Departments of the City Government, that the said the American Incinerating Company have complied with all of the conditions imposed and required by the terms of said contract.

The contracts for the same work in the Second and Fifth Districts were awarded to the Philadelphia Chemical Incinerating Company. The Second District comprises all that part of the City between South street and Poplar street and from river to river, and the Fifth District comprises all north of Poplar street and west of Broad street.

By the terms of their own proposals and the contract awarded them thereunder, the Philadelphia Chemical Incinerating Company were bound to gather and destroy all of the garbage and combustible waste of said two Districts by incineration, and to commence said destruction by March 1, 1894. The Philadelphia Chemical Incinerating Company were unable to comply with the terms of their bid and the contract awarded them thereunder, in so far as their obligation to commence to burn the garbage and waste on March 1st was concerned in either of the Districts named. The Department of Public Works granted them an extension of time to enable them to perfect their plants, requiring them positively to commence to burn the garbage and waste on April 1st. On April 1st they were still unable to perform their contract to burn all the garbage and waste as required, or, in point of fact, to burn any part of it in either of the Districts named. The Philadelphia Chemical Incinerating Company have been and are now disposing of the said garbage and waste in both the Dis-

tricts named in a manner not contemplated either by the terms of their own proposals to do said work, or by the conditions of the contract awarded them thereunder, but in a manner which is a direct violation of both.

The contract for the same work in the Fourth District, which comprises all that part of the City north of Poplar street and east of Broad street, was awarded to Mr. Thomas Gannon, who was bound by his own proposals and the contract awarded thereunder to gather and destroy all the garbage and combustible waste of said District by incineration, and that he was to commence to burn said garbage and waste on March 1, 1894. He was unable to comply with the terms of his contract, in so far as his obligation to commence to burn the garbage and waste of his District was concerned. The Department of Public Works granted him an extension of time in order to enable him to complete his furnace, requiring him, however, positively to commence to burn on April 1st. We find, on authority of the Executive Departments of the City government, that since Monday, the second day of April, Mr. Gannon has complied with all the obligations of his contract by collecting and destroying all the garbage and waste of his District by incineration.

The contract for the same work in the Third District, which comprises all that part of the City west of the river Schuylkill, was awarded to Messrs. D. & K. Dooley. The Director of Public Works and the Chief of the Bureau of Street Cleaning informed your committee that this plant is working satisfactorily, but that while it is unobjectionable in suburban sections it could not be operated in a built-up neighborhood.

Your committee asks that the above report be referred to the Department of Public Works.

Joseph T. Taylor (*Ch'n*), C. E. Connell, J. Haertter, John H. Poit, Jos. Thorn, David Peoples, A. R. H. Morrow, Z. Taylor Rickards, Wm. McCoach, Wm. G. Rutherford, William McMullen, Joseph L. Nobre, P. A. McClain, F. A. Ballinger, Isaac D. Hetzell.

APPENDIX No. 21.

Philadelphia, April 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred “ Ordinances to authorize the construction of sewers in Catharine, Centre, Fifty-second, Lena, Sedgwick, Seventh and Wister streets and Stenton avenue,” beg leave to report the annexed ordinance and ask its passage.

Jacob J. Seeds (*Ch’n*), David Peoples, H. T. Pigott, E. H. Hults, D. C. Cleaver, Chas. H. Sayre, George W. Conrad, P. A. McClain, J. Emory Byram, Jos. H. Brown, S. C. Aiman, Jno. McParland, Josiah Linton, Wm. Horrocks.

AN ORDINANCE

To authorize the construction of sewers in Catharine, Centre, Fifty-second, Lena, Sedgwick, Seventh and Wister streets, and Stenton avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to construct the following sewers, in accordance with plans and specifications to be approved by said Department, viz: On Catharine street, from Seventh street to Eighth street; across private property on the line of Centre street from Wingohocking sewer at Cedar lane to and under the Chestnut Hill branch of the Reading Railroad, thence along Centre street to Wilson street; Fifty-second street, from Columbia avenue to Elm avenue, to be built and assessed upon the west side only; Lena street, from Wister street to Collom street; Sedgwick street, from Chew street to Germantown avenue; Seventh street, from Dauphin street to York street; across private property on the line of Stenton avenue from the Wingohocking sewer at Bellfield avenue to Wister street, thence along Wister street to Rubicam street.

SECT. 2. The Director of the Department of Public Works shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest responsible bidders; and it shall be a con-

dition of said contract, that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by ordinance, entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1886, and supplement thereto, approved February 16, 1869; any excess over and above said assessment in addition to that provided for by ordinance, entitled "An Ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, manholes and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Public Works (Bureau of Surveys), to an amount not exceeding the sum of eight thousand (8,000) dollars.

SECT. 3. The Director of the Department of Public Works shall not award contracts for the construction of any of the sewers authorized by this ordinance, except on Stenton avenue, the undedicated portion of Centre street and Lena street, until the streets are on the City plan, legally opened and all the properties abutting thereon assessed to full City rates: *Provided*, however, that where properties are assessed at less than full City rates and the streets on the plans are opened, he may advertise and award contracts upon the receipt of a duly executed agreement binding owners to pay the regular assessment charges, and provided, also, that this section shall not apply to the sewers on said Stenton avenue, and on Lena and Centre streets.

SECT. 4. That the Mayor be authorized and requested to enter security on behalf of the City of Philadelphia to indemnify owners of private property through which the sewers on Stenton avenue, from Bellfield avenue to Wister street, and on the line of Centre street from Cedar lane to the westerly side of the Chestnut Hill branch of the Reading Railroad will pass, against damages by reason of the construction of said sewers.

APPENDIX No. 22.

Philadelphia, April 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled “An Ordinance to make appropriations for and to authorize the construction of certain new bridges, and to authorize the Director of the Department of Public Works to appoint inspectors and to pay for inspection, and authorizing the Mayor to enter security for damages to private property,” beg leave to report having considered the same, and ask for favorable consideration of the ordinance by Councils.

Jacob J. Seeds (*Ch’n*), John McParland, David Peoples, H. T. Pigott, E. H. Hults, D. C. Cleaver, Chas. H. Sayre, Geo. W. Conrad, P. A. McClain, J. Emory Byram, Jos. H. Brown, S. C. Aiman, Josiah Linton, Wm. Horrocks.

AN ORDINANCE

To make appropriations for, and to authorize the construction of certain new bridges, and to authorize the Director of the Department of Public Works to appoint inspectors and pay for inspection, and authorizing the Mayor to enter security for damages to private property.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the Director of the Department of Public Works be, and is hereby authorized and directed to enter into contracts for the construction of new bridges, as follows: Over the Schuylkill river at Falls of Schuylkill, near the site of the old bridge; on the line of Girard avenue, over Pennsylvania avenue; on the line of Forty-ninth street, over the West Chester and Philadelphia Railroad; on the line of Seventeenth street, under the Connecting Railway; on the line of Duval street, under and on the line of Wayne street, over the Germantown and Chestnut Hill branch of the Pennsylvania Railroad; at the intersection of Sixth street and Allegheny avenue, over the Richmond branch of the Philadelphia and Reading Railroad; on the line of Torresdale avenue, over Pennypack creek; on the line

of Torresdale avenue, under the Bustleton branch of the Pennsylvania Railroad; on the line of Bridge street, over Frankford Creek; on the line of Sixty-third street, over the Philadelphia, Wilmington and Baltimore Railroad; on the line of Wyoming avenue, over Frankford creek and Fisher's lane; on the line of Evergreen avenue, over the Germantown and Chestnut Hill branch of the Philadelphia and Reading Railroad; on the line of Magnolia avenue, under the Germantown and Chestnut Hill Branch of the Philadelphia and Reading Railroad; for the construction of abutments and piers for bridges on the line of Thirty-third street, over the Philadelphia and Reading Railroad and over the Connecting Railway.

SECT. 2. That the following sums to be taken from the items for new bridges in the annual appropriation to the Department of Public Works, Bureau of Surveys be, and are hereby set aside for the construction of said bridge: For bridges over the Schuylkil river at Falls of Schuylkill, three hundred thousand (300,000) dollars; Girard avenue, over Pennsylvania avenue, twenty-eight thousand (28,000) dollars; Forty-ninth street, over the West Chester and Philadelphia Railroad, twenty-five thousand (25,000) dollars; Seventeenth street, under Connecting Railway, fifty thousand (50,000) dollars; Duval street under Wayne street over the Germantown and Chestnut Hill branch of the Pennsylvania Railroad, fifty thousand (50,000) dollars; intersection of Sixth street and Allegheny avenue, over the Richmond branch of the Philadelphia and Reading Railroad, eighty-thousand (80,000) dollars; Torresdale avenue, over Pennypack creek, sixty thousand (60,000) dollars; Torresdale avenue, under the Bustleton branch of the Pennsylvania Railroad, fifteen thousand (15,000) dollars; Bridge street, over Frankford creek, twenty-five thousand (25,000) dollars; Sixty-third street, over the Philadelphia, Wilmington and Baltimore Railroad, twenty-five thousand (25,000) dollars; Wyoming avenue, over Frankford creek and Fisher's lane, fifty thousand (50,000) dollars; Evergreen avenue, over the Germantown and Chestnut Hill branch of the Philadelphia and Reading Railroad, four thousand (4,000) dollars; Magnolia avenue, under the Germantown and Chestnut Hill branch of the Philadelphia and Reading Railroad, three thousand (3,000) dollars; abutments and piers for bridges on the line of Thirty-third street over the Philadelphia and Reading Railroad, and over the Con-

necting Railway, seventy thousand (70,000) dollars: *Provided*, That in the event of any of the aforesaid bridges costing less than the sums herein set aside for their construction, the Director of the Department of Public Works is hereby authorized, at his discretion, to use the said balances, or any part thereof, for the completion of any of the bridges herein named for which the sum set aside is insufficient.

SECT. 3. That the Director of the Department of Public Works be, and is hereby authorized and directed to advertise for proposals and to award contracts, as provided by existing ordinances and laws for the construction of the said bridges, and in accordance with the drawings and specifications to be prepared by the Department of Public Works.

SECT. 4. That the Director of the Department of Public Works be, and is hereby directed to appoint inspectors as may be requisite, and to pay for inspection, transportation and incidental expenses, charged to the appropriations for the construction of the said bridges.

SECT. 5. That the Mayor is hereby authorized to enter security on behalf of the City, to indemnify the owners of private property who may be injured by reason of the construction of the said bridges.

APPENDIX No. 25.

Philadelphia, April 18, 1894.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Police and Prisons, to which was referred, on April 5, 1894, the bill entitled “An Ordinance to authorize James Elverson to erect on sidewalk of Hunter street, at the rear of his property, 1109 Market street, a steel stack,” respectfully report that they have carefully considered the matter, and return the bill to Councils with a favorable recommendation and ask its passage.

Ellsworth H. Hulst (*Ch’n*), David S. B. Chew, A. Atwood Grace, Jacob J. Seeds, Jno. McParland, Henry Clay, F. A. Ballinger, Jos. L. Nobré, Wm. G. Rutherford, Frank Schanz, W. F. Short, Hugh Black, W. McCoach, W. Harry Stirling, William McMullen, Jos. H. Klemmer, Robert S. Leithead.

AN ORDINANCE

To authorize James Elverson to erect on sidewalk of Hunter street, at the rear of his property, 1109 Market street, a steel stack.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and is hereby

given to James Elverson to erect on the sidewalk on the south side of Hunter street, west of Eleventh street, at the rear of his property, 1109 Market street, a steel stack which shall not exceed four (4) feet by two (2) feet in size, and shall extend above the roof of his own and the surrounding properties. The plan and construction of said stack to be subject to the approval of the Bureau of Building Inspectors: *Provided*, That the said stack shall be removed at any time on the passage of a resolution or ordinance to that effect without notice, and that the said James Elverson shall first pay the sum of fifty (50) dollars into the City Treasury for the printing of this ordinance.

APPENDIX No. 26.

Philadelphia, April 9, 1894.

To the Presidents and Members of Select
and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Fairmount Park, to which was referred, on April 5, 1894, the bill entitled "Resolution requesting half-holidays for the employes of Fairmount Park and Public Building Commission," respectfully report that they have carefully considered the same and recommend the passage of the annexed resolution entitled "Resolution relative to half-holiday on Saturdays for the employes of Fairmount Park," and that the portion of the resolution pertaining to the Public Building Commission be referred to the Committee on Municipal Government.

Chas. Roberts (*Ch'n*), Geo. W. Boyer, Geo. J. Jewill, Bennett L. Smedley, F. M. Harris, Hugh Black, W. McCoach, Geo. W. Kendrick, Jr., Wm. Rodenhausen, C. C. Brown, Chas. F. Iseminger, W. H. Wilson, Edward A. Anderson, George Thomas.

RESOLUTION

Relative to half-holiday on Saturdays for the employes of
Fairmount Park.

WHEREAS, By an Act of Assembly it becomes a law to make Saturday a half-holiday, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Commissioners of Fairmount Park

be, and they are hereby requested to comply with the law by giving the employes of Fairmount Park a half-holiday on Saturdays so far as the public interests will permit.

APPENDIX No. 27.

Philadelphia, April 19, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Joint Special Committee appointed to confer with the Commissioners for the Erection of Public Buildings relative to the fitting up of those portions of the building intended for the use of Councils and Councils' Committees and Clerks, would respectfully report that on Monday afternoon, the 16th inst., your Committee met the Commissioners at their room in City Hall, and with them made an examination of the rooms on the second floor which had originally been intended for the use of Councils; after an examination of this floor, we were conducted to the fourth floor on the north front of the building and shown through a suite of rooms which were suggested as rooms better calculated to meet the wishes of Councils; after an examination, your Committee were of the opinion that the rooms on the fourth floor were decidedly better than those on the second, because the rooms were all close together, affording ample space, and giving a sufficient number of rooms for the accommodation of Councils, the Clerks of Councils and the Committees, being higher from the street than the second floor, free from noise and dust, and for every reason better calculated in the judgment of your Committee to meet the requirements of the legislative department of our city.

While there can be no doubt it will cost considerably more to fit up and complete the rooms as proposed on the fourth floor, your Committee would also refer to the fact that it will reduce the expense somewhat of completing the rooms on the second floor for other purposes than the use of Councils. The architect of the Commission gave to your Committee, as his opinion, that for the money already appropriated, it was possible to complete the two rooms designed for the Council Chambers and the principal committee room, and he was also

of the opinion that it might be possible to push this work so as to have these three rooms in readiness by the end of March, 1895.

Your Committee passed a resolution requesting the Commissioners for the Erection of Public Buildings to so modify or change their plans as to give for the use of Councils, the three principal rooms on the fourth floor on the north front, the ten smaller rooms on the west and the ten smaller rooms on the east of these three principal rooms. We also requested the architect to furnish the Committee, at his earliest opportunity, with a plan showing the location, size and outlines of the rooms embraced in the recommendation.

We would also report that the Commission, at their meeting held after an examination of these rooms, passed a resolution requesting that Councils would continue this Committee, so that we could from time to time confer with them upon the work relative to the construction of the building.

We, therefore, respectfully submit the annexed resolutions and ordinance, and ask for the second reading and consideration of the resolutions, and the reference of the ordinance to the Committee on Municipal Government for consideration and report at an early day.

Thomas L. Hicks (*Ch'n*), Edward W. Patton, Geo. W. Kendrick, Jr., William McMullen, Geo. W. Boyer, A. Atwood Grace, Elias P. Smithers, Jno. M. Walton.

AN ORDINANCE

To authorize the appointment of a Joint Standing Committee on Public Buildings.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the passage of this ordinance there shall be established a Joint Standing Committee, to be designated The Committee on Public Buildings, the Chairman of which shall be a member of the Common Council; the Committee to consist of twelve members from each Chamber, whose duties in connection with the Commissioners for the erection of Public Buildings shall be that of conferring with the Commissioners with a view of facilitating as far as possible, the early completion of those portions of the Building intended for the use of Councils, the

Clerks of Councils and the Committees of Councils, as well as the work incidental to the construction and completion of all other portions of the Building; and the Committee thus constituted shall from time to time make report to these Councils embodying such suggestions and recommendations as in their judgment may be calculated to advance the work of constructing and completing the Public Buildings.

RESOLUTION

Of request to the Commissioners for the Erection of the Public Buildings relative to fitting up quarters for Councils.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Commissioners for the Erection of Public Buildings be, and they are hereby requested to so modify or change their plans as to set aside for the use of Councils, the three principal rooms on the fourth floor, north front of the new City Hall, together with the ten smaller rooms situated on the fourth and fifth floors on the north front adjacent to the three principal rooms examined by a committee of these Councils.

Resolved, That the Commissioners be further requested to have their architect, at his earliest opportunity, furnish Councils with a plan showing the location, size and outlines of the rooms embraced in this recommendation and request.

Resolved, That they be, and are hereby further requested to have the said rooms ready for occupancy on or before the first Monday of April, 1895.

Resolved, That the Clerks of Councils be directed to transmit a copy of these resolutions to the Commissioners for the Erection of Public Buildings.

APPENDIX No. 28.

RESOLUTION

Requesting the Director of the Department of Public Works to draw and the City Controller to countersign a warrant for paving Wharton street, between Twenty-third and Twenty-fourth streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of

Public Works be requested to draw and the City Controller to countersign a warrant for one thousand four hundred and forty (1,440) dollars and seventy-one (71) cents, the amount of bill due Patrick Monaghan, in settlement of claim for paving Wharton street in front of the property of the City of Philadelphia, between Twenty-third and Twenty-fourth streets.

APPENDIX No. 29.

RESOLUTION

Directing the Clerks of Councils to have the office of the Chairman of the Committee on Surveys connected with the department telephones.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Clerks of Councils be directed to have the office of the Chairman of the Committee on Surveys connected with the department telephones, and to pay the cost of the rent of said telephone out of Item 7 in the annual appropriation to the Clerks of Councils, providing cost for said work shall not exceed fifty (50) dollars.

APPENDIX No. 30.

RESOLUTION

To permit the Ancient Order of Foresters, of America, to use Common Council Chamber in holding their annual session.

WHEREAS, The annual session of the Ancient Order of Foresters, of America, is to be held for the first time in the City of Philadelphia on May 8th, 9th, 10th and 11th.

Be it resolved, by the Common Council of the City of Philadelphia, That the use of Common Council chamber be given to the Ancient Order of Foresters, of America, for the purpose of holding their national sessions on said dates, provided, however, that said meetings shall not be held in said chamber if it be needed for the use of this body.

APPENDIX No. 31.

RESOLUTION

Requesting the Mayor and Director of the Department of Public Works to confer with the officers of the Philadelphia & Trenton Railroad, Pennsylvania Railroad Co., lessee, and the officers of the Philadelphia & Reading Railroad Co., relative to the abolition of grade crossings.

WHEREAS, The rapid growth of the population surrounding the steam railroads entering the city at grade seems to call for immediate and tangible action for the abolition of grade crossings on the line of such said steam railroads within the limits of the City of Philadelphia, and, as expressed by the Law Officer of the City, "the abolition of grade crossings is deemed a public work for the safety, convenience and benefit of the citizens of Philadelphia," and as there is considerable public sentiment in reference to the danger of the grade crossings on the line of the Philadelphia & Trenton Railroad, therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor and the Director of the Department of Public Works be, and they are hereby respectfully requested to confer with the officials of the Philadelphia & Trenton Railroad Company, Pennsylvania Railroad Company, lessee, with a view of suggesting measures by which the grade crossings on the line of said railroad from Norris street to Erie avenue may be abolished; and with the officers of the Philadelphia & Reading Railroad Company regarding the abolition of all grade crossings along the line of the Richmond Branch of the said Philadelphia & Reading Railroad from Broad street to the Delaware river, and to communicate the result of said conference to Councils.

APPENDIX No. 32.

Philadelphia, April 26, 1894.

LAW DEPARTMENT.

To the Members of the Select and Common
Councils of the City of Philadelphia.

GENTLEMEN :—I have the honor to present to you herewith a summary of the report of John M. Collins, Esq., Master in the case of the City of Philadelphia *vs.* Farmers and Mechanics National Bank and John Bardsley, C. P. No. 1, June Term, 1891, showing an award to the City of Philadelphia of \$52,468.68. This report has been confirmed by the Court of Common Pleas, and in my opinion no advantage can be gained by the City filing an appeal.

This is one of the series of cases for the recovery of the sums of money growing out of the transactions of John Bardsley, while City Treasurer. The litigation was in charge of Mr. Charles B. McMichael when First Assistant in this department. He resigned in August, 1892, but having conducted this and some of the other cases through their preliminary stages, and having made himself familiar with the facts in many of these intricate matters, I deemed it to the best interests of the City to request him to remain until this case was concluded.

The Master has filed his report in this case, and before approving of the same I desire to lay the matter before your body, and if this communication can be referred to the Finance Committee in order that I may appear before them at the earliest possible date to get authority in the matter, it will be vastly to the interests of the City.

I have proceeded as far in the matter as my authority as the law officer of the City will warrant, and I want to inform the Finance Committee of the details of the matter as it at present stands. It is of the utmost importance that an early date be fixed by the Committee on Finance, as the time may go by in which I can take an appeal in the case.

With much respect, I am yours very truly,

CHAS. F. WARWICK.

City Solicitor.

IN THE COURT OF COMMON PLEAS No. 1,
for the County of Philadelphia.

IN THE MATTER

Between	}	
THE CITY OF PHILADELPHIA, <i>Plaintiff,</i>		Of June Term 1891.
and		No. 149
JOHN BARDSLEY and THE "FARM- ER'S and MECHANICS NATIONAL BANK of PHILADELPHIA," <i>Defendants.</i>		In Equity.

EXTRACT FROM THE MASTER'S REPORT.

Filed April 14, 1894.

In view of the evidence it is not clear that either of the claimants in this case is entitled to the whole fund in controversy.

The City claims the fund on the ground that the said \$8,000 paid by said John Bardsley for the 2000 shares of stock, was the money of the City, held in trust by John Bardsley, part of the said \$30,000 drawn out of the said Manufacturers Bank. Proportioning said shares, this is the same thing as claiming that \$3,000 of said \$8,000 having been the means of buying the 750 shares of stock, then, on the theory of its being a marginal stock transaction the whole proceeds (say \$160,000) belong to the City: *i. e.*, that the \$160,000 is a profit on said \$3,000—5,300 per cent. It is plain that the said \$3,000 alone did not *actually* make or produce the said \$160,000, although it may have done so *theoretically* if it was a stock margin. But it is not clear from the evidence that the transaction with said Bank was a marginal transaction. If there is evidence of the said Bank—the Farmers' & Mechanics'—after the loan or purchase was made, seeking protection against loss on said stock by substituting Mr. Taber's obligation for Mr. Bardsley's note given to the Bank at the time the stock was bought; on the

other hand, the President of said Farmers' & Mechanics' Bank, in one part of his evidence testified (as above appears) that the purchase of the stock (1500 shares) was an investment for the Bank, the whole title was in the Bank, the dividends were the Bank's, &c., &c., &c. If we should assume the latter to be the true state of facts, and that said Bank insisted upon its being so against any claim of Mr. Bardsley to participate in the profit, then the City would have a right to recover out of the fund in hand the said \$3,000, or perhaps the whole \$8,000 contributed by said Bardsley) if it was City money) with interest, but nothing more.

For similar reasons the right of the State of Pennsylvania to the whole proceeds is not clear.

For similar reasons the right of the Bradford Mills Company to the whole proceeds is not clear.

And the right of the Assignee of John Bardsley to the whole proceeds is not clear for the reasons (if for no other) that, if on the other hand, the evidence can be held to show a marginal transaction in respect to said stock, such as is alleged by the other claimants, then the Assignee is entitled to nothing: And, on the other hand, if there was no such marginal transaction, there is evidence to show that the title to said stock was never in John Bardsley, although there might have been an intention on the part of said Farmers' & Mechanics' Bank that he should have or participate in any profit made on the stock.

Also, the claim of the Farmers' & Mechanics' Bank to a bankers' lien is not clear; but, on the other hand, there is evidence of a contractual lien, or (*diverso intuitu*) of the Bank's ownership, or mortgageship, of the said stock (the 1500 shares).

After this case had been most ably and elaborately argued before the Master by Mr. Gill, for the State; Mr. McMichael, for the City; Mr. Hyneman, for the Bradford Mills, and Mr. Ashhurst, for the Farmers' and Mechanics' National Bank.

Before Mr. Catherine and Mr. Alexander began their arguments, it was justly suggested that, inasmuch as the claiming parties, together, had a right in the fund in hand, they could participate in the same according to an ascertainable and reasonable ratio: And the master recommends the division of the fund hereinbelow stated, as equitable and just. By this the City of Philadelphia, and the State of Pennsylvania, will re-

ceive a great deal more out of this fund than they could in any other discernible way; and in ascertaining their respective shares (i. e. *inter sese*) regard has been had to the ratio or percentage ascertained by Mr. Brown, the expert, (as above stated) to show the City's and State's respective ownership in the said \$8,000.

RESOLUTION

Of instruction to the Clerk of Common Council.

Resolved, That the Clerk of Common Council for the City of Philadelphia be, and he is hereby instructed and directed to procure for the new members of this Common Council copies of the City Digest.

APPENDIX No. 34.

Philadelphia, April 26, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—The Committee on Police and Prisons, to which was referred the bill entitled “An Ordinance to establish stands for cabs and hacks on the south side of the Public Buildings, west side of Public Buildings, Market street, Delaware avenue, Ninth street, Arch street, South street, and Twenty-fourth street, and repeal certain ordinances for the establishment of stands for cabs and hacks,” approved December 31, 1877, respectfully report that they have examined and approved the same, return it to Councils favorably and recommend its passage.

Ellsworth H. Hulst (*Ch’n*), Wm. G. Rutherford, William McMullen, David S. B. Chew, Jno. McParland, Jos. L. Nobre, Wm. H. Garrett, Jos. H. Klemmer, J. F. Henderson, W. H. Bristow, Henry Clay, F. A. Ballinger, Wm. McCoach, Samuel K. Stinger, Robert S. Leithead.

AN ORDINANCE

To establish stands for cabs and hacks on the south side of the Public Buildings, west side of the Public Buildings, Market street, Delaware avenue, Ninth street, Arch street, South street, and Twenty-fourth street, and repeal certain ordinances for the establishment of stands for cabs and hacks, approved December 31, 1877.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That stands for cabs and hacks be, and they are hereby established as follows: On the south side of the Public Buildings, west side of Public Buildings: *Provided*, That there shall not be more than six cabs or hacks on the stand at any one time, and that three shall be above Market street and three south of Market street, and at least twenty feet apart; north side of Market street, above Twelfth street; west side of Delaware avenue, from Chestnut to Walnut street; west side of Delaware avenue, from Market to

Arch street; west side of Ninth street, from Chestnut to Market street; north side of Arch street, from Delaware avenue to Front street; south side of South street, from Delaware avenue to Front street; west side of Twenty-fourth street, from Sansom to Walnut street: *Provided*, That on any of the stands located at Market street, Delaware avenue, Ninth street, Arch street, South street and Twenty-fourth street, there shall not be more than three cabs or hacks at any one time, and they shall be at least twenty feet apart: *Provided, further*, That the portions of the streets used be cleaned at least once in every twenty-four hours by the owners of the vehicles occupying the same.

SECT. 2. That the ordinance entitled "An Ordinance to establish stands for cabs or hacks on Locust, Sixth and Market streets and Lancaster avenue, and to repeal an ordinance to establish a stand for cabs and hacks on Thirty-second street, approved December 31, 1877, be, and the same are hereby repealed, and all other ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 35.

Philadelphia, April 26, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Police and Prisons, to which was referred the bill entitled "An Ordinance further defining nuisances and requiring footways and gutters to be cleaned of snow" respectfully report that they have examined and amended the same, return it to Councils favorably as amended and recommend its passage.

Ellsworth H. Hulst (*Ch'n*), Wm. G. Rutherford, William McMullen, David S. B. Chew, Jno. McParland, Jos. L. Nobre, Jos. H. Klemmer, Wm. H. Garrett, Wm. McCoach, J. F. Henderson, W. H. Bristow, Henry Clay, F. A. Ballinger, Sam'l. K. Stinger, Robert S. Leithead.

AN ORDINANCE

Further defining nuisances, and requiring footways and gutters to be cleaned of snow.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the following is declared to be a nuisance: To permit or suffer snow to remain upon any paved footway, in any street of the City of Philadelphia, more than six hours after the snow has ceased to fall upon the said footway: *Provided*, That in computing the six hours, the hours between six P. M. and six A. M. following shall not be counted: *And, provided further*, In any case where the footway, though formed, has not been planked, flagged or paved, the clearing of a passage way for pedestrians of at least three feet in width shall be deemed a sufficient compliance with this ordinance.

SECT. 2. It shall be the duty of the occupier of the premises in front of which the pavement is situated, to remove the said snow: but in case the premises be unoccupied or occupied as a tenement house or office building, then it shall be the duty of the owner or agent of the premises to remove the snow: *Provided, however*, That if the summons issued against such owner or agent be returned not served, then, and in such event, the tenant of that part of such tenement house or office building immediately adjoining the pavement uncleared shall be liable for such penalty. The words "tenement house" shall be taken to mean and include every house, building or portion thereof, which is rented, leased, let or hired out to be occupied, or is occupied as the house, home or residence of three or more families living independently of one another and doing their cooking upon the premises, or by more than two families upon a floor so living and cooking, but having a common right in the halls, stairways, yards, water-closets or privies, or some of them.

SECT. 3. There shall be imposed for each and every violation of this ordinance the sum of five (5) dollars, which sum shall be recovered by suit in the name of the City before any magistrate: *Provided*, That when the length of pavement uncleared exceeds twenty-five (25) feet, the penalty of five (5) dollars shall be imposed for each twenty-five (25) feet, or fraction thereof, of the front except where the property is assessed at less than full City rates for purposes of taxation,

in which case the penalty shall be imposed for each one hundred (100) feet or less of front uncleaned.

SECT. 4. That the ninth section of an ordinance approved the 23d day of September, 1894, entitled "An Ordinance relating to nuisances" be, and the same is hereby repealed.

APPENDIX No. 36.

Philadelphia, April 26, 1894.

To the Presidents and Members of
Select and Common Councils.

GENTLEMEN:—The Committee on Police and Prisons, to which was referred the bill entitled "A Supplement to an ordinance entitled 'An Ordinance relating to nuisances, approved September 23, 1864, relating to awnings, cellar-doors, and placing merchandise on or over the footways and on Fifteenth street, between Market and Walnut streets, respectfully report that they have examined and approved the same, return it to Councils favorably and recommend its passage.

Ellsworth H. Hults (*Ch'n*), Wm. G. Rutherford, William McMullen, David S. B. Chew, Jno. McParland, Jos. L. Nobre, Jos. H. Klemmer, Wm. H. Garrett, J. F. Henderson, W. H. Bristow, Henry Clay, F. A. Ballinger, W. McCoach, Saml. K. Stinger, Robert S. Leithead.

A SUPPLEMENT

To an ordinance entitled "An Ordinance relating to nuisances," approved September 23, 1864, relating to awnings, cellar-doors, and placing merchandise on or over the footways and on Fifteenth street, between Market and Walnut streets.

WHEREAS, The articles of merchandise suspended over the footways on Fifteenth street, from Market south to Walnut street, have by reason of the increased travel on said street become a great inconvenience, vexatious and obnoxious, to the persons using that street; therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the following are hereby

declared to be nuisances: To place, extend or hang any goods, wares or merchandise of any description, whether for sale or otherwise, or to erect or maintain any awning-post or posts, or any other contrivance for the purpose of placing wings, curtains or signs thereon, or to place or maintain any cellar-door which shall extend above the level of the footways on Fifteenth street, from Market street to Walnut street, in the City of Philadelphia.

SECT. 2. Any person or persons who shall violate any of the provisions of this ordinance shall for each offence be liable to a penalty of twenty (20) dollars, to be recovered in the manner that penalties for breach of Ordinance are by law recoverable. That all ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 37.

Philadelphia, April 26, 1894.

To the Presidents and Members of the
Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Police and Prisons, to which was referred the bill entitled “An Ordinance to authorize and regulate the erection and construction of iron awnings over the sidewalks, and authorizing the Building Inspector to issue permits therefor,” respectfully report that they have examined and amend the same, return it to Councils favorably as amended, and recommend its passage.

Ellsworth H. Hults (*Ch’n*), Wm. G. Rutherford, William McMullen, David S. B. Chew, Jno. McParland, Jos. L. Nobre, Jos. H. Klemmer, J. F. Henderson, Wm. H. Garrett, W. H. Bristow, Henry Clay, W. McCoach, Sam’l K. Stinger, Robert S. Leithead.

AN ORDINANCE

To authorize and regulate the erection and construction of iron awnings over the sidewalks, and authorizing the Board of Highway Supervisors to issue permits therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That it shall and may be lawful

for any person or persons to erect and construct, or have erected and constructed, and maintain iron awnings without wings over the sidewalks of their premises; the said awnings to be not less than eight feet six inches in the clear head room; no signs to be displayed thereon except the names of the owners or tenants of the premises to which such awning is attached, and the nature of the business conducted therein; and the said awnings to be supported by wrought iron stretchers and posts: *Provided*, That no such awning shall be erected nor constructed without a permit from the Board of Highway Supervisors.

SECT. 2. The Board of Highway Supervisors are authorized, empowered and directed to grant permits for the erection and construction of the iron awnings above specified, whenever the said awnings do not interfere with the adjoining properties, nor injure the properties in the square in which it is proposed to place such awning or awnings: *Provided*, That the plans and specifications thereof shall be submitted to said Board for their approval; and the said permits shall issue in all cases when the plans and specifications are approved: *Provided, further*, That nothing in this ordinance contained shall authorize the construction of iron awnings or sheds over the sidewalks in that part of the city bounded by Third street on the east, the Schuylkill river on the west, Arch street on the north, and Spruce street on the south; except in front of railway stations or public buildings.

SECT. 3. The following material of specified strength shall be used for a property of 16 feet front, or less.

Wrought iron post not less than 9 feet in height and 3 inches in diameter outside; said post to be set in cast iron base.

The front rail to be $1\frac{5}{8}$ inch outside diameter.

There shall be no less than four rafters $1\frac{1}{4}$ inch in diameter.

There shall be no less than two perkins $\frac{3}{4}$ inch outside diameter.

The corrugated iron to be used for the awning shall not be less than No. 26, of about one pound to the square foot.

The specified strength of awnings erected in excess of 16 feet front shall be determined by the Board of Highway Supervisors.

APPENDIX No. 38.

Philadelphia, April 26, 1894.

To the Presidents and Members of the Select and Common
Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Municipal Government, to which was referred the bill entitled "An Ordinance to authorize the appointment of a Joint Standing Committee on Public Buildings," respectfully report that they have considered and amended the bill by making the chairman to be a member of Select Council, and report the bill back as amended, and recommend its passage.

E. Buchholz (*Ch'n*), Wm. Rodenhausen, Wm. G. Rutherford, Jos. A. Swope (for report), Chas. Kitchenman, W. H. Bristow (for report), John W. Davidson (for report), Thomas Meehan (for report), Henry Clay, John Irvine (for report), J. C. Keith (for report), Samuel W. Baizley (for report), W. Harry Stirling.

AN ORDINANCE.

To authorize the appointment of a Joint Standing Committee on Public Buildings.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the passage of this ordinance there shall be established a Joint Standing Committee, to be designated the Committee on Public Buildings, the chairman of which shall be a member of the Select Council, the committee to consist of twelve members from each Chamber, whose duties in connection with the Commissioners for the erection of Public Buildings shall be that of conferring with the Commissioners with a view of facilitating, as far as possible, the early completion of those portions of the building intended for the use of Councils, the Clerks of Councils and the Committees of Councils, as well as the work incidental to the construction and completion of all other portions of the building, and the committee thus constituted, shall from time to time make report to these Councils, embodying such suggestions and recommendations as in their judgment may be calculated to advance the work of constructing and completing the Public Buildings.

APPENDIX No. 39.

OFFICE OF THE MAYOR.

Philadelphia, May 3, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to advise you that, complying with the accompanying request from numerous leading citizens interested in the movement to secure a Ship Canal to the Sea, a large and enthusiastic meeting of representative Philadelphians, prominent in our commercial and professional life, was held at this office on Monday last, and, after a most thorough discussion of the subject, the following resolution was unanimously adopted:

“WHEREAS, It is of national interest as well as of vital local importance to the City of Philadelphia that the Atlantic and Gulf Coast waterway should be developed to its fullest extent for commercial purposes, as well as for a strategic and defensive measure, of which the first link is the proposed canal between the Delaware River and Raritan Bay; therefore, be it

Resolved, That his Honor, the Mayor of Philadelphia, be requested to send a communication to the Honorable Councils of the City, laying before them the necessities for and the advantages and possibilities of this proposed *Ship Canal*, recommending the passage of an ordinance appropriating the sum of \$10,000, or as much thereof as may be necessary for the purpose of making a preliminary survey, consisting of mapping, boring, and taking measurements and surveys along the proposed route, and showing a report thereon.”

Pursuant to this resolution, I have the honor to place this subject before your Honorable Bodies, and do most respectfully request that careful consideration which its vast importance to our City's progress merits, and recommend your early and favorable action thereon, knowing the interest you have always taken in any project tending toward the advancement of the material welfare and prosperity of the City of Philadelphia.

I am, respectfully,

EDWIN S. STUART,

Mayor.

OFFICE OF THE MAYOR.

Requesting His Honor the Mayor to call a Public Meeting to consider the question of a *Ship Canal* to the Sea.

Philadelphia, April 25, 1894.

To his Honor EDWIN S. STUART,
Mayor of the City of Philadelphia.

WHEREAS, The necessities of increasing the transportation facilities of this Port and City are urgent; and

WHEREAS, The cheapest known methods of movement are by water; and

WHEREAS, Our sister City of Baltimore is taking active measures to secure a deep draught canal to the sea; and

WHEREAS, The construction of a similar canal between the waters of New York and Delaware Bays is of the utmost importance, not only to the General Government, but to the Atlantic Seaboard and its tributary territory;

Therefore, We, the subscribers, Citizens of Philadelphia, respectfully request your Honor to call a public meeting of citizens in the Executive Chamber to consider the expediency of inaugurating a Ship Canal between Philadelphia and New York.

APPENDIX No. 40.

OFFICE OF THE MAYOR.

Philadelphia, May 3, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your information, a communication from the Secretary of the Trustees of the University of Pennsylvania, conveying a copy of the resolutions adopted by said Trustees concerning the conveying of a portion of the Almshouse grounds to the Trustees of the University of Pennsylvania, in trust, for the purposes of a Museum and Botanical Garden, for the free use of the public at all times.

I am, respectfully,

EDWIN S. STUART,

Mayor.

Philadelphia, April 3, 1894.

HON. EDWIN S. STUART,

Mayor of the City of Philadelphia.

DEAR SIR:—I have the honor to convey to you the following resolutions of the Trustees of the University of Pennsylvania, passed at their stated meeting held this day.

WHEREAS, By the terms of an ordinance of the Select and Common Councils of the City of Philadelphia, approved March 30, 1894, a portion of the Almshouse grounds, containing eight acres more or less, has been opened to use as a

public park, and by the terms of the said ordinance, is to be conveyed to the Trustees of the University of Pennsylvania, in trust, to lay out and maintain the same forever as and for a museum and botanical garden and park, without expense to the City of Philadelphia, to be open to the free access of the public at all times forever, under suitable regulations, to be from time to time agreed upon by the said Trustees and the Mayor of the said City, and also to erect thereon a museum of science and art without expense to the said City, therefore,

Resolved, That the Trustees of the University of Pennsylvania do hereby assent to and accept the terms and conditions of the said ordinance, and do agree to take and receive the conveyance of the said lot of ground upon the trusts declared in said ordinance, and do hereby authorize and empower their corporate seal to be affixed to the deed of conveyance to be executed by the Mayor of the City, and to do all other acts and things necessary to carry out the intent of the said ordinance, and to secure the privileges thereby granted to all parties therein named.

Resolved, That the Committee on Law be requested to confer with the City Solicitor as to the preparation of the said deed of conveyance so that the same shall conform to the terms and conditions of the said ordinance.

Resolved, That the thanks of the Trustees be conveyed to his Honor the Mayor, and to the Select and Common Councils of the City of Philadelphia for their generous action in this appropriation."

Very respectfully yours,

JESSE T. BURK,

Secretary.

APPENDIX No. 41.

OFFICE OF THE MAYOR.

Philadelphia, May 3, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration, a communication from James H. Windrim, Director of the Department of Public Works, requesting an

additional appropriation to certain items in the annual appropriation to the Bureau of Water.

I am respectfully,

EDWIN S. STUART,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 25, 1894.

HON. EDWIN S. STUART,

Mayor of Philadelphia.

DEAR SIR:—I have the honor to request that you will advise Councils that, because of the employment of so many men on the work of pipe laying, and the extra work on trolley streets, the appropriation for laying pipe for the Bureau of Water is very nearly exhausted, and will not be sufficient to continue the work beyond June 1.

The very large amount of pipe which is needed to supply houses already built, and for which urgent demands are daily made; also to continue the important work of laying and renewing pipe on streets being repaved, under ordinances granting trolley privileges, cannot be laid unless additional funds are provided for the work.

The following is a statement of the condition of these items at this date.

Item No. 6. repairs to distribution, appropriated December 30, 1893.....	\$100,000 00
Charged off and expended.....	94,676 91
Balance.....	\$5,323 09
Item No. 5, for purchase of material and laying of service pipe, appropriated December 30, 1893.....	\$225,000 00
Charged off and expended.....	202,013 44
Balance.....	\$22,986 56
To continue the work under these items to the end of the present year, it will require additional appropriations as follows.	
Item No. 5, for distribution.....	\$ 50,000 00
Item No. 6, for material and laying service pipe.....	100,000 00
Total.....	\$150,000 00

Yours respectfully,

JAS. H. WINDRIM,

Director.

APPENDIX No. 42.

Philadelphia, May 3, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered an ordinance to approve the contract and surety of George S. Good and Company for the construction of a main sewer on Indiana street between the present terminus west of Twenty-second street and Twenty-fourth street, and on Twenty-fourth street between Indiana street and the present terminus south of Indiana street; also an ordinance to approve the contract and surety of James Sullivan for the construction of a main sewer on Ontario street between the Aramingo canal and Delaware river; also an ordinance to approve the contract and surety of George L. SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to enter into a contract with a competent paver or pavers for the paving of the following streets with vitrified paving bricks, viz.: Windsor avenue, from Forty-eighth to Forty-ninth street; and Forty-ninth street, from Baltimore avenue to Springfield avenue. The cost to the City for said paving not to exceed four thousand four hundred (4,400) dollars. The conditions of which contract shall be, that the contractor or contractors shall collect the cost of said paving from the owners of property respectively fronting on said streets, and shall also enter into an obligation to the City to keep said streets in good repair for three years after the paving is finished: *Provided*, Said streets shall be first dedicated or properly opened, and that the Director of the Department of Public Works first advertise for proposals for paving said streets and award the contract to the lowest bidder, and that the owners of property fronting on said streets shall not be charged more than the contract price,

APPENDIX No. 50.

Philadelphia, May 3, 1894.

To the Presidents and Members of the Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance relative to the paving of Ridge avenue, from Manayunk avenue to Hermit lane,” respectfully report that we have examined and

approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Jno. M. Walton (*Ch'n*), Watson D. Upperman, W. F. Short, P. A. McClain, Saml. P. Town, Edw. W. Patton, Samuel Lamond, C. C. Bastian, Fred C. Simon, D. C. Cleaver, Thomas L. Hicks, Robt. W. Finletter, J. C. Keith.

AN ORDINANCE

Relative to the paving of Ridge avenue, from Manayunk avenue to Hermit lane.

WHEREAS, By ordinance approved April 10, 1893, Ridge avenue, from Manayunk avenue to Hermit lane was authorized to be paved with granite blocks, and as doubts have arisen as to the liability of abutting property owners to pay for said paving, it being alleged that the railway company occupying said street is liable for the same, and in the meantime it is greatly to the public interest that said paving should be completed, and as the contract cannot be executed under present circumstances, therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Solicitor be authorized to prepare, and the Mayor to execute a contract for the paving of said Ridge avenue, from Manayunk avenue to Hermit lane, with a clause, "The total cost of said work shall be paid for by the City out of Item 2, in the annual appropriation to the Department of Public Works, Bureau of Highways." The cost of said paving except as to the intersections and unassessable property shall be assessed against abutting property owners and collected for the use of the City by a lien filed or otherwise according to law. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 54.

Philadelphia, May 3, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to amend the several ordinances granting permission to the passenger railway or traction companies of the City of Philadelphia, the right to construct and operate the overhead electrical trolley roads under certain conditions, so far as relates to the repaving of streets with improved pavements," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

John M. Walton (*Ch'n*), Watson D. Upperman, W. F. Short, P. A. McClain, Sam'l P. Town, Edw. W. Patton, Samuel Lamond, Fred. C. Simon, D. C. Cleaver, Thomas L. Hicks, Robt. W. Finletter (for report), J. C. Keith, J. Gordon Showaker.

AN ORDINANCE.

To amend the several ordinances granting permission to the passenger railway or traction companies of the City of Philadelphia the right to construct and operate the overhead electrical trolley roads under certain conditions, so far as relates to the repaving of streets with improved pavements.

WHEREAS, These Councils, by ordinances passed and which have been approved, have granted permission to the several

passenger railways and traction companies of the City of Philadelphia, the right to construct and operate the overhead electrical trolley system for propelling the cars of their several roads, and

WHEREAS, The ordinances granting these permissions and the contracts which have been entered into under the authority of these ordinances specifically provide that the several passenger railway and traction companies upon whom these privileges have been granted shall repave simultaneously with the construction of their several trolley lines with improved pavement, all streets and avenues traversed by their several lines, under such conditions and regulations as may be imposed by the Department of Public Works, and

WHEREAS, A portion of the work of repaving relates to rural and suburban sections where the underground services such as sewers, water, gas and other constructions of a similar nature have not been completed and cannot be completed until such times as the property owners shall agree to pay for the same, or until such times as the properties shall have been raised to full rate of taxation, and

WHEREAS, It is not deemed advisable to push the work of repaving in these suburban and rural sections in advance of the completion of the underground services, which could only result in the continually tearing up and repaving of these improved pavements for the purpose of introducing and completing piecemeal such underground services as shall be required, therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain:* That in all cases where these Councils have by ordinance conferred upon any of the several passenger railway or traction companies of the City of Philadelphia the right to construct and operate the overhead trolley system for propelling cars, and where the several railway or traction companies upon whom these privileges have been conferred have complied with the conditions of the said several ordinances, and have entered the security required and executed the contracts provided for under the terms and conditions of said ordinance, and have in all other respects complied fully with the requirements of the departments, then and in that event the said several ordinances be and they are hereby so altered and amended (in so far as they relate to the railway

or traction companies whose roads are now constructed and operated by horses), as to provide and permit that the Mayor of the City of Philadelphia shall have the right to so alter and modify or amend the contracts therein or herein authorized as to provide that in all cases where streets or avenues along which it is proposed to construct the overhead electrical trolley system shall run through the sections of the city which are strictly rural or suburban, and where the properties are assessed at rural, suburban, or farm rates, the company or companies having such privileges shall be permitted, after the construction of their trolley lines, to relay, in a manner satisfactory to the Department of Public Works, the old pavement or paving, without requiring the laying of an improved pavement: *Provided*, It is expressly understood and agreed upon that before availing themselves of the benefits accruing from this proposed modification of the original ordinances or contracts, that the said several railway or traction companies shall enter into a supplemental contract binding themselves hereafter wherever they may construct and operate their trolley system in suburban or rural sections, that as rapidly as the properties along the lines of the said streets or avenues which are now assessed at suburban, rural, or farm rates, shall have been raised to full rate assessment, or when the Department of Public Works has completed to its satisfaction the underground services which may be required for water, gas, drainage and other purposes, then the several passenger railway or traction companies shall be obligated and bound as they shall be directed by the Department of Public Works to take up the old pavement and repave said streets and avenues with such improved pavement as the Department may require: *Provided*, That nothing contained in this ordinance shall apply to any street or avenue upon which rails are not yet laid: *Provided also*, That the companies accepting the provisions of this ordinance shall first enter into a new contract in conformity to the same, and file a new bond in the same amount required by the original ordinances, to which this is amendatory.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed, altered or amended, as the case may require, so that they shall not conflict.

AN ORDINANCE

To authorize the construction of sewers on Manayunk, Warrington, and Windsor avenues, Forty-ninth, Hoffman, Moravian, York, Washington, Duval, Greene, and Johnson streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to construct the following sewers, in accordance with plans and specifications to be approved by said Department, namely: on Forty-ninth street, between Baltimore avenue and Springfield avenue; Hoffman street, from Seventh street to Eighth street; Manayunk avenue, from Shurs lane to Kalos street; Moravian street, from Seventeenth to Eighteenth streets; Warrington avenue and on Windsor avenue, from Forty-eighth street to Forty-ninth street; York street, from Seventh street to Germantown avenue; and also connections to the Lincoln avenue Intercepting Sewer, partly upon private property, on the lines of Washington street, from Lincoln avenue to Wayne avenue; on the lines of Duval street, between Wayne avenue and Green street; on Green street, between Johnson street and Washington street; on Johnson street, between Green street and Adams street.

SECT. 2. The Director of the Department of Public Works shall advertise, according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest responsible bidders; and it shall be a condition of said contract, that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers, in manner and form authorized by ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto, approved

February 16, 1869; any excess over and above said assessment in addition to that provided for by ordinance entitled "An ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Public Works (Bureau of Surveys) to an amount not exceeding the sum of eighteen thousand and two hundred (18,200) dollars.

SECT. 3. The Director of the Department of Public Works shall not award contracts for construction of any of the sewers authorized by this ordinance until the streets are on the City plan, legally opened, and all property abutting thereon assessed to full City rates: *Provided, however,* That where properties are assessed at less than full City rates, and streets on the plan are opened, he may advertise and award contracts on receipt of a duly executed agreement to pay the required assessment charges: *And provided also,* That this section shall not apply to the sewers on said lines of Washington street and Duval street.

SECT. 4. That the Mayor be authorized and requested to enter security on behalf of the City of Philadelphia, to indemnify the owners of private property through which sewers on the lines of Washington street and Duval street, from Lincoln avenue to Green street, will pass, against damages by reason of the construction of said sewers.

RESOLUTION

Of request to the Board of Public Education relative to the construction of fire proof floors in the new Boy's High school.

Resolved, by the Common Council of the City of Philadelphia, That by reason of the fact that the contract as let for the erection of the Boy's High school provides for a fire proof floor upon but one floor of the building, the Board of Education be requested to so alter their plans and to so construct the building so as to make all the floors fire proof.

APPENDIX No. 73.

OFFICE OF THE MAYOR.

Philadelphia, June 1, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit a communication from Abraham M. Beitler, Director of the Department of Public Safety, forwarding a copy of a resolution of the Board of Health, requesting an additional appropriation for the purpose of placing the City in good sanitary condition.

I am, respectfully,

EDWIN S. STUART,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.*Philadelphia, May 19, 1894.*

HON. EDWIN S. STUART,

Mayor of the City of Philadelphia.

DEAR SIR:—I send you herewith a copy of a resolution of the Board of Health adopted last Tuesday.

I earnestly urge upon you the necessity of securing this appropriation from Councils if possible. The money appropriated last year was made use of in special sanitary work and the result was that a threatened epidemic of smallpox was checked, diphtheria which had been unusually prevalent the previous winter, was restricted in its ravages, and the death rate reduced below the average for many years.

Year by year the necessity for this spring house cleaning becomes more urgent. In many portions of our City a foreign element has located and they are, by their untidy and uncleanly habits, subject to epidemic diseases, and are a menace to the rest of our citizens among whom they move.

In my judgment no better investment can be made by the City than an annual appropriation of even a larger sum than \$20,000 for the purpose of cleaning up dirty spots in the city, stamping out communicable diseases where they appear, and enabling the Board of Health to adopt vigorous measures for the protection of the public health if emergency arises in any direction.

Yours respectfully,

ABRAHAM M. BEITLER,

Director.

OFFICE OF BOARD OF HEALTH.

Philadelphia, May 15, 1894.

ABRAHAM M. BEITLER, ESQ.,

Director of Public Safety.

DEAR SIR:—I am directed by the Board of Health to transmit to you the following copy of Resolution passed this date, and request that it be forwarded to City Councils.

Yours respectfully,

WM. P. TROTH,

Chief Clerk.

Resolved, That in view of the necessity for special sanitary house-to-house inspection, which experience has proved to be a most important aid in protecting the public health and thus reducing the death rate, City Councils be and they are hereby respectfully requested to make an appropriation to the Bureau of Health, Department of Public Safety, of twenty thousand (20,000) dollars, for sanitary house-to-house inspection and general expenses incurred in placing the City in good sanitary condition; and further, that warrants may be drawn against this item without advertisement whenever the bill is approved by the proper committee of the Board of Health and by the Director of Public Safety.

AN ORDINANCE

To place on the City plan Laurel, Malcolm, Fifty-and-a-half, Ameaska, Fifteen-and-a-half, Myrtlewood, Bambrey, Stillman, Gerritt and Wilder streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to place on the City plan Laurel street, of the width of twenty-three feet, from Germantown avenue to Shoemaker's court; Malcolm street, of the width of thirty feet, from Fifty-first to Fifty-second street; Fifty-and-a-half street, of the width of thirty feet, from Kershaw avenue to Thompson street; Ameaska street, of the width of forty feet, from Fiftieth to Fifty-first street; Fifteen-and-a-half street, of the width of forty feet, from Westmoreland to Ontario street; Myrtlewood street, of the width of thirty feet, from Master to Jefferson street; Bambrey and Stillman streets, of the width of thirty feet, from Dickinson to Tasker street; Gerritt and Wilder streets, of the width of thirty feet, from Twenty-third to Twenty-fourth street; *Provided*, That the owners of ground within the lines of said streets, except on Laurel street, shall first dedicate the same as public highways, or shall first file a bond or enter into a written agreement with the City Solicitor indemnifying the City against all damages that may arise by reason of the placing or opening of the same, before this ordinance shall go into effect: *Provided*, however, That before Laurel street shall be placed on the plan, satisfactory evidence shall be furnished that the street has been laid out and opened prior to June 6, 1871. All ordinances or parts of ordinances inconsistent herewith, be, and the same are hereby repealed.

APPENDIX No. 91.

Philadelphia, June 1, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred ordinances to strike from the City plan Thirty-fourth street, from Wissahickon avenue to Moreland avenue,

and to strike from the City plan and vacate Arthur and Meredith streets, from New Rowland avenue to Crispen street, beg leave to report, that from the way property in this vicinity is divided by streets, Thirty-fourth is entirely unnecessary; Arthur and Meredith streets were laid out a number of years ago in order to plat a maximum number of building lots. All of these lots have been purchased by one person who is developing a valuable stone quarry. No public necessity exists for continuing these streets. We ask for favorable consideration of the annexed ordinance.

Jacob J. Seeds (*Ch'n*), D. C. Cleaver, Jno. McParland, Hiram A. Miller, E. H. Hults, H. T. Pigott, Chas. H. Sayre, David Peoples, Wm. F. Brown, M.S. Apple, Isaac D. Hetzell, J. Emory Byram, W. F. Short, Geo. W. Kendrick, Jr., Jos. H. Brown, Josiah Linton, Wm. G. Rutherford, Saml. P. Town, Chas. A. Schaufler, P. A. McClain, S. C. Aiman.

AN ORDINANCE

To strike from the City plan Thirty-fourth street, from Wissahickon avenue to Moreland avenue, and to strike from the City plan and vacate Arthur and Meredith streets, from New Rowland avenue to Crispen street.

SECTION. 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to strike from the City plan Thirty-fourth street, from Wissahickon (Springfield) avenue to Moreland avenue, in the Twenty-second Ward; also, to strike from the City plan and vacate Arthur and Meredith streets, from New Rowland avenue to Crispen street, in the Thirty-fifth Ward: *Provided*, The owners of ground within the lines of said streets first file with the City Solicitor a satisfactory agreement not to claim damages by reason of the passage of this ordinance.

APPENDIX No. 92.

Philadelphia, June 1, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled “An Ordinance to authorize the ex-

tension of the Passyunk avenue sewer, between Twenty-first and Twentieth streets, and on Twentieth street, between Passyunk avenue and Morris street, in the Thirty-sixth Ward," beg leave to report, there is in the item for the construction of the Passyunk avenue sewer the sum of \$3,500, which the present ordinance authorizes to be expended on the continuation of the sewer east of Twenty-first street. We ask for favorable consideration of the annexed ordinance.

Jacob J. Seeds (*Ch'n*), D. C. Cleaver, Jno. McParland, Hiram A. Miller, E. H. Hulst, H. T. Pigott, Chas. H. Sayre, David Peoples, Wm. F. Brown, M. S. Apple, Isaac D. Hetzell, J. Emory Byram, Geo. W. Kendrick, Jr., Jos. H. Brown, Josiah Linton, Wm. G. Rutherford, P. A. McCain, W. F. Short, Saml. P. Town, S. C. Aiman.

AN ORDINANCE

To authorize the extension of the Passyunk avenue sewer, between Twenty-first and Twentieth streets, and on Twentieth street between Passyunk avenue and Morris street, in the Thirty-sixth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized to construct an extension to the main sewer on Passyunk avenue, between Twenty-first and Twentieth streets, and on Twentieth street between Passyunk avenue and Morris street, in the Thirty-sixth Ward.

SECT. 2. The cost of extension of the main sewer on Passyunk avenue and Twentieth street, to the amount of three thousand five hundred (3,500) dollars, be charged to Item 22, of the appropriation for the Bureau of Surveys, in the annual appropriation to the Department of Public Works.

APPENDIX No. 93.

Philadelphia, June 1, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled "An Ordinance to change the

name of F street to Rittenhouse street," beg leave to report, that F street, between Twenty-second and Twenty-third street, nearly a continuation of the lines of Rittenhouse street, east of Twenty-first street, we therefore think the name should be uniform. We ask for favorable consideration of the annexed ordinance.

Jacob J. Seeds (*Ch'n*), D. C. Cleaver, Jno. McParland, Hiram A. Miller, E. H. Hulst, H. T. Pigott, Chas. H. Sayre, David Peoples, Wm. F. Brown, M. S. Apple, Isaac D. Hetzell, J. Emory Byram, W. F. Short, Geo. W. Kendrick, Jr., Jos. H. Brown, Josiah Linton, Wm. G. Rutherford, Saml. P. Town, Chas. A. Schaufler, P. A. McClain, S. C. Aiman.

AN ORDINANCE

To change the name of F street to Rittenhouse street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to change the name of F street, in the Eighth Ward, to Rittenhouse street.

APPENDIX No. 94.

Philadelphia, May 31, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled "An Ordinance to strike from the City plan the Park Boulevard from the City Hall to Fairmount Park," beg leave to report that careful consideration was given to this ordinance, and a large number of citizens appeared before the Committee, both on behalf of the striking of the Boulevard from the plan and its retention and opening. We return the bill with a negative recommendation, and ask for the passage of the annexed resolution, discharging the Committee from the further consideration of this subject.

Jacob J. Seeds (*Ch'n*), D. C. Cleaver, Jno. McParland, Hiram A. Miller, E. H. Hulst, Chas. H. Sayre, David Peoples, J. Emory Byram, G. W. Kendrick, Jr., Jos. H. Brown, Josiah Linton, Sam'l P. Town, W. F. Short, (for the report only.)

RESOLUTION

Discharging the Committee on Surveys from the further consideration of bill entitled "An Ordinance to strike from the City plan the Park Boulevard from the City Hall to Fairmount Park.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be, and are, hereby discharged from the further consideration of the bill entitled "An Ordinance to strike from the City plan the Park Boulevard from the City Hall to Fairmount Park."

APPENDIX No. 95.

Philadelphia, May 31, 1894.

To the Committee on Surveys.

GENTLEMEN :—We, the undersigned members of the Survey Committee, believe that the ordinance to strike the Boulevard from the City plan should be favorably reported. In the present financial condition of the City, even with an enlarged borrowing capacity, it seems to us most unwise to indulge in luxuries when necessities of a most pressing character require our earnest attention. Ten millions of borrowed money are already appropriated, and still no improved gas conditions, no increased water supply, and many other important matters entirely neglected. For these and other reasons we believe the ordinance should pass. The completion of the subway for which \$6,000,000 have been appropriated, will, in itself, make a Boulevard sufficient for all practical purposes.

Wm. Findlay Brown, Isaac D. Hetzell, Wm. G. Rutherford, Milton S. Apple, Chas. A. Schaufler, P. A. McClain, S. C. Aiman, Jas. B. Anderson.

APPENDIX No. 96.

APPENDIX No. 97.

RESOLUTION

To change the location of an electric light in the Twenty-seventh Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of Public Safety be, and he is hereby authorized to change the location of the electric light from Fifty-sixth and Woodland avenue to the northwest corner of Gray's lane and Woodland avenue, in the Twenty-seventh Ward.

APPENDIX No. 98.

RESOLUTION

To change location of an electric light in the Twenty-second Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Safety (Electrical Bureau) be, and is hereby authorized and instructed to change the location of the electric light on Stafford street, midway between Morris street and Wissahickon avenue, to corner of Wissahickon avenue and Stafford street.

APPENDIX No. 103.

Philadelphia, June 7, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred the ordinances to authorize the opening of Fifty-seventh and Parrish streets, beg leave to report that

the statement from the Department of Public Works shows "that the deeds to the owners of property on Parrish street recite the side of the street, so that it is not thought any damages will accrue for land taken. Damages as to grade or inconvenience to business by reason of the opening of the street are hard to estimate." The damages on Fifty-seventh street are placed at \$7,000. We ask for the favorable consideration of the annexed ordinance.

Jno. M. Walton (*Ch'n*), W. Harry Stirling, T. B. McAvoy, Sam'l P. Town, J. C. Keith, W. F. Short, Watson D. Upperman, Jos. M. Adams, Samuel Lamond, C. C. Bastian, Wm. F. Dixon, J. Gordon Showaker, Rob't W. Finletter, Edw. W. Patton, Thomas L. Hicks, Fred'k Stehle.

AN ORDINANCE.

To authorize the opening of Fifty-seventh and Parrish streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass that, at the expiration of three months from the date of said notice, said streets will be required for public use—viz: Fifty-seventh street, from Vine street to Haverford avenue, and Parrish street, from Bergdoll terrace to Pennsylvania avenue.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets; upon the filing of said bonds, and at the expiration of the said three months, the Director of the Department of Public Works shall forthwith proceed to open said streets.

APPENDIX No. 108.

Philadelphia, June 7, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled "An Ordinance to revise the grades

of Allen lane, between Green and McCallum streets, in the Twenty-second Ward," beg leave to report that the change of grade can be made with advantage to the properties on Allen lane, and without any disadvantage to the city. A proviso protects the city from any damage. We, therefore, ask for favorable consideration of the annexed ordinance.

Jacob J. Seeds (*Ch'n*), M. S. Apple, Saml. P. Town, Isaac D. Hetzell, J. McParland Wm. Horrocks, Hiram A. Miller, E. H. Hults, David Peoples, H. T. Pigott, Chas. H. Sayre, Josiah Linton, George W. Conrad.

AN ORDINANCE

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Board of Surveyors, through the Director of Public Works, are hereby authorized to prepare plans changing the grade of Allen lane, between Green and McCallum streets; *Provided*, That property owners file a bond indemnifying the city against all costs or damages by reason of said change of grade.

APPENDIX No. 109.

Philadelphia, June 7, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Highways, to whom was referred bill entitled "An Ordinance to authorize the payment of deficiencies in the bills for the construction of sewers on Thirtieth street, on Berks street, on Lehigh avenue and on Norris street," beg leave to report that the Bureau of Surveys report "that the claims are just; the City received the benefit of the extra work, and it is but proper to reimburse the contractors for their outlay." We, therefore, ask for favorable consideration of the annexed ordinance.

Jacob J. Seeds (*Ch'n*), M. S. Apple, Sam'l P. Town, Isaac D. Hetzell, Jno. McParland, Wm. Horrocks, Hiram A. Miller, E. H. Hults, David Peoples, H. T. Pigott, Chas. H. Sayre, Josiah Linton, George W. Conrad.

AN ORDINANCE

To authorize the payment of deficiencies in the bills for the construction of sewers on Thirtieth street, on Berks street, on Lehigh avenue and on Norris street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works is authorized to draw, and the City Controller is requested to countersign, warrants to pay deficiencies under contracts for the construction of branch sewers, as follows :

In favor of L. A. Hubbs, for the construction of a sewer on Thirtieth street, from Ridge avenue to Sedgley avenue, for the sum of thirty-three (33) dollars and (6) cents, deficiency being due to the decrease in assessment of abutting properties ; for a sewer on Berks street, from Thirty-first to Thirty-third street, the sum of one hundred and forty-six (146) dollars and sixty (60) cents, deficiency being due to decrease in the assessment of abutting property ; for the construction of a sewer in Lehigh avenue, north and south sides, between Twenty-second and Twenty-fourth streets, in the sum of forty-seven (47) dollars and thirty-three (33) cents, deficiency being due to extra work which was necessary for completion of the sewer ; in favor of William H. Yoast for the construction of sewer on Norris street, from Belgrade street to Susquehanna avenue, the sum of one hundred and seventy-five (175) dollars and seventy-seven (77) cents, the said sum being in excess of the limit of cash, and for which there was no provision in the contract. The foregoing amounts to be charged to the item for the construction of branch sewers in the annual appropriation to the Department of Public Works (Bureau of Surveys) for the year 1894.

APPENDIX No. 110.

Philadelphia, June 7, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred bill entitled “An Ordinance to revise the lines

and grades of Fourth and Fifth streets, between Market and Merchant streets," beg leave to report that Fourth and Fifth streets were widened because of the construction of the Philadelphia Bourse, and at the time of the passage of the ordinances all the facts were carefully considered. A hearing was given all persons interested, and your Committee can see no reason for now taking a backward move and again narrowing these streets. We therefore report the ordinance with a negative recommendation, and ask for the passage of the annexed resolution discharging the Committee from the further consideration of the subject.

Jacob J. Seeds (*Ch'n*), M. S. Apple, Sam'l P. Town, Isaac D. Hetzell, Jno. McParland, Wm. Horrocks, Hiram A. Miller, E. H. Hults, David Peoples, H. T. Pigott, Chas. H. Sayre, Josiah Linton, George W. Conrad.

RESOLUTION

Discharging the Committee on Surveys from the further consideration of bill entitled "An Ordinance to revise the lines of Fourth and Fifth streets, between Market and Merchant streets."

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be, and are hereby discharged from the further consideration of the bill entitled "An Ordinance to revise the lines of Fourth and Fifth streets, between Market and Merchant streets."

APPENDIX No. 111.

Philadelphia, June 7, 1894.

Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Municipal Government, to which was referred on April 5, 1894, the bill entitled "An Ordinance to place League Island Park upon the City plan," respectfully report that they have considered said

measure, and return it to Councils with a favorable recommendation, and ask its passage.

E. Buchholz (*Ch'n*), W. H. Bristow, W. Harry Stirling, Jas. B. Anderson, John W. Davidson, Thomas Meehan, J. C. Keith, Edwin E. Smith, Jos. A. Swope, John Irvine, M. S. Apple, Nathan T. Lewis, Jos. H. Brown.

AN ORDINANCE

To place League Island Park upon the City Plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the lot of ground bounded by Pattison avenue, Eleventh street, Schuylkill avenue and Twentieth street, is hereby selected for a Public Park, and the Department of Public Works is hereby authorized and directed to place said Park, as above described, under the name of League Island Park upon the City plan, and to strike therefrom the lines of all unopened streets within the boundaries of said Park.

APPENDIX No. 112.

Philadelphia, June 7, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—The Committee on Municipal Government, to which was referred on May 24, 1894, the bill entitled "An Ordinance to amend the ordinance entitled 'An Ordinance to appropriate for park purposes land within the boundaries of Starr Garden, in the Fifth Ward,' approved June 19th, A. D. 1893," respectfully report that they have considered the same, and return it to Councils with a favorable recommendation, and request its passage.

E. Buchholz (*Ch'n*), W. Harry Stirling, M. S. Apple, Wm. Rodenhausen, George Hawkes, W. H. Bristow, J. C. Keith, John W. Davidson, Edwin E. Smith, Jos. F. Swope, John Irvine, Nathan T. Lewis, Henry Clay, Jos. H. Brown.

AN ORDINANCE

To amend the ordinance entitled "An Ordinance to appropriate for park purposes land within the boundaries of Starr Garden, in the Fifth Ward," approved June 19, A. D. 1893.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance entitled "An Ordinance to appropriate for park purposes land within the boundaries of Starr Garden, in the Fifth Ward," is hereby amended so as to exclude from the ground so appropriated a lot of ground on the south side of Lombard street at the distance of ninety (90) feet west of Sixth street, containing eight (8) feet in front and seventy-eight (78) feet in depth.

APPENDIX No. 113.

Philadelphia, June 7, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Your Committee, appointed to confer with the Commissioners for the Erection of the Public Buildings, respectfully present for your consideration the accompanying papers, being a copy of the recommendations and suggestions made to the Commissioners for the Erection of the Public Buildings, after a careful examination of the plans and estimates of the Architect. And we feel assured that Councils may look forward to new and comfortable quarters in City Hall early next year, and this without exceeding the appropriation of \$138,566 already made.

Respectfully submitted,

Thomas L. Hicks (*Ch'n*), Edw. W. Patton, Jno. M. Walton, F. M. Harris, William McMullen (see Sub-committee report, signed by mistake), Geo. W. Boyer, Jos. F. Swope, for report, Geo. W. Kendrick, Jr., Samuel F. Houseman, Wm. G. Rutherford, Jas. B. Anderson.

Philadelphia, June 8, 1894.

To the Joint Committee of Select and Common Councils of the City of Philadelphia, appointed to confer with the Commissioners for the Erection of Public Buildings, etc.

GENTLEMEN :—Your Sub-committee appointed to confer with the Architect of the Commissioners for the Erection of Public Buildings, as to plans and estimates for finishing and fitting up those portions of the buildings thought to be necessary for the use of Select and Common Councils, the Clerks of Councils, and the various Committees, would respectfully report as follows :

Several conferences with Mr. W. Bleddyn Powell, the Architect, have been held, and a very careful examination of the plans and estimates has been made.

It having already been deemed wise to locate Councils on the fourth floor, north front, our attention was directed to the corridors, rooms and stairways of the fourth and fifth floors, lying entirely between the main north and south corridors of the buildings, and we find the following :

On the Fourth Floor—

The main corridor, running east and west,

Large room, No. 402, designed for Select Council,

“ “ “ 400, “ “ Common Council,

“ “ “ 496, “ “ Finance and other Committees.

Spaces Nos. 401 and 499, for Stairways to the fifth floor,

Rooms Nos. 403 and 495, for Coat rooms,

“ “ 405 and 491, for Lavatories, water closets, etc.

“ “ 404 and 497, for Presidents of Select and Common Councils.

“ “ 406, 408, 411, for Clerks and Committee Rooms.
490, 492, 494,

On the Fifth Floor—

The main corridor running east and west,

Spaces 501 and 599 stairways from fourth floor,

Rooms 503, 505, 595 and 597, Committee rooms, and
504, 506, 507, 508, 513, 587, 590, 592, 593 and
594, for Committee rooms, *if required.*

The above schedule, embracing 2 corridors, 4 spaces for stairways, 2 rooms for Lavatories, etc., 2 Coat rooms, 2 rooms for the Presidents, 2 Council Chambers and 21 rooms for the use of Clerks and Committees of Councils. In all, 29 rooms, 2 stairways and 2 corridors.

A careful examination having led your Committee to the conclusion that there was *no need of rooms* Nos. 504, 506, 507, 508, 513, 587, 590, 592, 593, and 594 *for the use of Councils*, we directed attention to the finishing of the remaining portions of the above schedule, embracing 19 rooms, 8 stairways, and 2 corridors.

As requested, Mr. Powell furnished your Committee with an estimate of the cost of this entire work, which estimate includes every item of expense excepting furniture, desks, chairs, carpets, rugs, etc., etc. For your convenience Mr. Powell has subdivided his estimate into three separate items, as follows:

First estimate,	\$278,890
Second estimate,	13,995
Third estimate,	15,666
					<hr/>
Total,	\$308,551

Herewith you will find copy of estimate in detail.

Conclusions and Recommendations.

Taking estimate No. 1, \$278,890, your Committee find this covers main corridor of fourth floor and the fifth floor corridor back of the Finance Committee room, No. 496, and rooms 402 Select Council, 400 Common Council, 496 Finance Committee room, 403 and 405 coat rooms, 405 Lavatory, and room 497—in all 7 rooms and 2 corridors.

We also find that the estimate of \$278,890 includes the marble wainscoting (similar to those portions of the buildings already finished) and all the fine millwork intended to be used in the final finish and completion of these rooms and corridors. In the aggregate these items of marble and millwork amount to \$153,333. The balance of the total, \$125,557, with the remainder of available appropriation, \$13,009—in all \$138,566—being the amount estimated to be sufficient to complete the above-mentioned 7 rooms and 2 corridors ready

for furniture and occupancy, *without decoration*, and this being within the appropriation already made and sufficient to place Councils by April 1, 1895, in much better quarters than now occupied. Your Committee would respectfully recommend that this portion of the work be proceeded with immediately, and that the work of finishing rooms Nos. 404, 406, 408, 411, 490, 491, 493, 494, 503, 505, 595, 597, and stairways 401, 501, 499, and 599 be postponed for the present, or until it has been determined that they are all required for the use of Councils and Committees. And we further recommend that the General Committee direct the Chairman to present to the Commissioners for the Erection of Public Buildings our conclusions and recommendations, with a copy of this report.

We further recommend that a copy of this report and our recommendations be reported to Councils.

Respectfully submitted.

Edw. W. Patton (*Ch'n*), Jno. M. Walton, William McMullen, F. M. Harris, Geo. W. Boyer, Thomas L. Hicks, Geo. W. Kendrick, Jr., Samuel F. Houseman, Wm. G. Rutherford.

DEPARTMENT OF PUBLIC WORKS

Philadelphia, June 7, 1894.

JOHN ECKSTEIN, ESQ.,

Clerk of Common Council,
Fifth and Chestnut Streets, Philadelphia.

DEAR SIR:—In reply to the resolution of Councils, relative to the use of gas appliances other than for lighting purposes, I desire to state that there has been no material increase in the consumption of gas, since the reduction of price to \$1.00 per 1,000 cubic feet.

The increase in the consumption of gas in the month of May in

1892, over 1891 was 19,000,000 cubic feet.

1893 over 1892 was 21,000,000 cubic feet.

1894 over 1893 was 23,000,000 cubic feet.

An increase each year only in proportion with the growth of the City.

There has been a decrease in the consumption of gas from the stagnation in business ; the shutting down of factories, and in other business industries, where gas is used for work during the night, or for other purposes. With the resumption of business, there will probably be an increase in the use of gas.

There are many gas stoves used for heating and cooking purposes throughout the City.

It was supposed that gas, at the reduced price, would cause a large increase in the quantity required by consumers ; anticipating this, the Department recommended to the Committee of Councils certain improvements to the gas plant of the City, which would permit an increase in the manufacture of gas at the City's works. These matters are now under consideration by the said Committee.

I consider it of the first importance, that facilities shall be given the Bureau of Gas, to make gas in the most economical way, that the City can furnish it to the public at a price which will enable it to be used for fuel and other purposes ; an increase in the cost of distribution, and the expense of a permanent corps of employes, as suggested in the resolution, are unnecessary, and would increase the cost of furnishing gas to the consumers.

Yours respectfully,

JAS. H. WINDRIM,

Director.

RESOLUTION

Of request to the Director of the Department of Public Works, relative to the use of gas appliances for other than lighting purposes.

WHEREAS, The price of gas has been reduced to (1) dollar per thousand cubic feet, in consequence of which it had been

expected that the consumption would have been very largely increased through the introduction of gas stoves, gas engines and other appliances.

AND WHEREAS, The consumption of gas has not increased, but has decreased; therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to transmit to these Councils, as soon as possible, such information he may have as to the use of gas appliances for other than lighting purposes, in the City of Philadelphia, with such recommendations as would, in his judgment, lead to a more general introduction of gas stoves, gas engines, etc., particularly with reference to the advisability of establishing a permanent corps of employes to make necessary connections, etc., free of cost.

OFFICE OF THE MAYOR.

Philadelphia, June 14, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit a communication from Abraham M. Beitler, Director of the Department of Public Safety, forwarding a copy of a resolution of the Board of Health requesting an additional appropriation for the removal of nuisances, etc.

I am respectfully,

EDWIN S. STUART,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, June 13, 1894.

HON. EDWIN S. STUART,

Mayor of Philadelphia.

DEAR SIR:—I beg to enclose you herewith a resolution of the Board of Health, asking for an additional appropriation

of twenty thousand (20,000) dollars to the item for the removal of nuisances, which I would request that you transmit to Councils for such action as they may deem proper.

Yours very truly,

ABRAHAM M. BEITLER,
Director.

BOARD OF HEALTH.

Philadelphia, June 12, 1894.

ABRAHAM M. BEITLER, Esq.,
Director of Public Safety.

DEAR SIR:—I am directed by the Board of Health to transmit to you the following copy of resolution adopted this date, and would request that the same be transmitted to City Councils.

Yours respectfully,

JOHN J. McCAY,
Acting Chief Clerk.

Resolved, That City Councils be respectfully requested to make an appropriation of twenty thousand (20,000) dollars to the Department of Public Safety, Bureau of Health, Item 6, for removal of nuisances, etc., the appropriation for 1894 having been exhausted.

APPENDIX No. 136.

Philadelphia, June 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance respectfully report that they have considered “An Ordinance, No. 10, to make an appropriation of \$40,050 to Item 59½ in the annual appropriation to the Department of Charities and Correction, (Bureau of Charities) for the year 1894, for the erection of a building to be used for the nurses employed at the Philadelphia Almshouse,” recommitted to the committee, and having referred the same to a Sub-committee whose report is hereto appended, report the same back to appropriate \$30,000 for said purpose, and recommend its passage.

Elias P. Smithers (*Ch’n*), Chas. Roberts, Chas. F. Iseminger, Watson D. Upperman, Isaac D. Hetzell, W. F. Short, Edw. W. Patton (report only), Samuel F. Houseman, W. M. Geary, Robt. W. Finletter, Wm. Van Osten, J. M. Stratton, Jas. B. Anderson.

Philadelphia, June 7, 1894.

To the Committee on Finance.

GENTLEMEN :—Your Sub-committee, to which was referred “An Ordinance asking for an appropriation of \$40,500 to the Department of Charities and Correction for the construction of a nurse’s house at the Philadelphia Hospital,” after hearing protests from a large number of property owners in the vicinity and receiving petitions from prominent citizens, some of whom are active members of Boards of State and City Charities, also of such eminent scientists on Insane as Dr. Chapin, of the Pennsylvania Hospital for the Insane, Dr. Horatio C. Wood, Dr. Beatles and Dr. Roberts, who have had wide and extensive experience in management of Hospitals with corps of trained nurses, much of whose views and judgment are embodied in this report, would state that they were amazed to find from the statement of the President of the Board that the amount to be appropriated and expended was not as embodied in the ordinance referred to, viz. : \$40,500, but between

\$75,000 and \$80,000, which in their judgment and the eminent medical authorities referred to, and the protest and petitions of citizens and taxpayers, and in the absence of any plans and specifications of the buildings to be erected, deem it unwise to authorize the expenditure of so large a sum of money, and therefore return the ordinance with a negative recommendation, but respectfully suggest that the Chairman of the Finance Committee be directed to introduce a resolution or ordinance in Councils asking that this Committee and the Committee on Charities and Correction take such action (similar to the construction of the new County Prison) as will accomplish the erection of buildings on land now owned by the City, and whose acreage is ample for the separation of the insane, the pauper, and the sick.

Your Committee further report there are really three institutions combined in the so-called Almshouse: first, the Almshouse proper; second, the City Hospital; third, the Insane Asylum. So long as these institutions co-exist in one enclosure and under one management, they must really remain one institution; an institution to which the tone is given by the Almshouse, that constitutes so large a portion of it. In other words, every insane inmate of this institution and every unfortunate victim of injury or disease who finds refuge in its hospital wards becomes of necessity tainted and branded with the mark of pauperism. There are very numerous hospitals in Philadelphia, but almost all of these hospitals are in their infancy and have comparatively small endowments. They cannot receive the sick poor of Philadelphia as free patients in their wards, as is proved by the crowded condition of the Wards of the Philadelphia Hospital. The man who is injured in making public improvements or in building up the fortunes of the great taxpayers, the laborer who sickens from exposure or other causes, must often of necessity take refuge in the Wards of the Philadelphia Hospital. He is reckoned among his fellows as having been to the Almshouse, is debased in his own esteem, and just so far as it is possible for an institution so to do, is permanently pauperized. It is a burning shame that a great city like Philadelphia has no hospital into which the sick and injured poor can, without let or hindrance, enter, and from which, when restored to health they can escape untainted and uninjured in their own self-respect and in the respect of their fellows. Worse than this, however, is the fact that over one thousand insane persons are crowded

into buildings practically unprovided even with large yards, where they can saunter away their hours of enforced idleness. The proposition that these poor wretches should be deprived of the few square feet now allotted to them, that the City may get a few dollars to put up a few more buildings, is monstrous in its cruelty. One thousand insane inmates and scarcely ten acres of ground; sane men shut up in masses, without occupation, without diversion, without exercise: prisoners without hope of extermination of sentence; the sane would of very necessity under such circumstances undergo mental degradation; thus confined and herded, it is impossible that intellects distorted and diseased can by any possibility or to any extent be restored. Every dollar spent in permanent improvements of the group of municipal buildings in West Philadelphia, fixes more permanently the monstrous union between the pauper, the insane, and the sick or injured. For a City Hospital, the buildings are beyond what is needed, and by proper reconstruction could, at a comparatively small expense, be made amply sufficient for the needs of the people of Philadelphia for, perhaps, generations to come. Outside of the built-up portions of the City, upon cheap land now owned by the City, with opportunities for work and diversion, the insane poor could be made less miserable than at present, and opportunities for restoration to mental health to all be afforded.

Jno. M. Walton (*Ch'n*), Chas. K. Smith, Edw. W. Patton.

AN ORDINANCE

To make an appropriation to Item 59 $\frac{1}{2}$ in the annual appropriation to the Department of Charities and Correction (Bureau of Charities), for the year 1894, for the erection of a building to be used as a house for the nurses employed at the Philadelphia Almshouse.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of thirty thousand (30,000) dollars be, and the same is hereby appropriated from the special fund paid into the City Treasury by the Commissioners of the Sinking Fund, arising from sales of portions of the Almshouse property in the Twenty-seventh Ward, to Item 59 $\frac{1}{2}$, in the annual appropriation to the Department of Charities and Correction (Bureau of Charities), for the year 1894,

for the erection of a building to be occupied and used as a house for the nurses employed in nursing the indigent sick of the City of Philadelphia, at the Philadelphia Almshouse.

AN ORDINANCE.

To authorize the Department of Public Works to extend the contracts for grading certain streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be authorized to extend the contracts for grading Upsal street, from Greene to Wayne street; Adrian street, from Adams street to Ridge avenue; Gillingham street, from Jefferson to Worth street; Penn street, from Manayunk avenue to Terrace street; Rector street, from Ridge avenue to Terrace street; Twenty-fifth street, from Evergreen avenue to Mermaid avenue; Wood street, from Jefferson street to Leverington avenue; Berkley street, from Puluski avenue to Wayne street; Adams street, from Manayunk avenue to Ridge avenue; Krams avenue, from Pechin to Webster street; Frankford avenue, from Harrison to Bridge street; and Ridge avenue, from Manayunk avenue to Hermit lane, by including the grading of the sidewalks, with the slopes necessary to retain the same, and to pay the cost of said work out of Item 6, for grading, in the annual appropriation to the Department of Public Works, Bureau of Highways.

SECT. 2. Upon the completing of the work of grading said sidewalks, the Director of the Department of Public Works is authorized to estimate the cost and expense of the same, including the filling of slopes necessary to retain the sidewalks, and assess the cost and expense against the properties in front of which the work shall have been done, in the name of the registered owner or owners thereof, and shall then cause one bill to be served on the registered owner or owners, or, in case he or they cannot be found, the same shall be left upon the premises, and another copy of said bill shall be forwarded to the City Solicitor, and if the same be not paid within thirty (30) days from the service upon the owners of property,

a lien therefor shall be filed in the proper Court against the respective parties.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 143.

Philadelphia, June 19, 1894

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled “An Ordinance to authorize the revision of the lines and grades of the territory bounded by the County line on the north, Allen’s lane on the south, County line on the east, and Roxborough Township line on the west, in the Twenty-second Ward,” beg leave to report, that the revision is needed to obviate several grade crossings, and to make the streets conform to the topography of the country. Nearly all the property affected is owned by Mr. H. H. Houston, who is willing to agree not to claim any damages, a proviso to that effect having been inserted in the ordinance. We therefore report the ordinance with a favorable recommendation.

Jacob J. Seeds (*Ch’n*), Jno. McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. F. Iseminger, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To authorize the revision of the lines and grades of the territory bounded by County line on the north, Allen’s lane on the south, County line on the east, and Roxborough Township line on the west, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized to revise the lines and grades of the territory bounded by the County line on the north,

Allen's lane on the south, County line on the east, and Roxborough Township line on the west, in the Twenty-second Ward, and to change the location of Hartwell avenue, west of Thirty-second street; to run Hartwell avenue and Mermaid avenue under, and Southampton avenue over the Philadelphia, Germantown and Chestnut Hill Railroad; to place on the plan Seminole avenue, from Union avenue to Willow Grove avenue; to place on the plan Southampton avenue, sixty (60-foot wide, west of Thirtieth street; to strike off the plan Moreland avenue, from Tacona street to Cresheim avenue; Abington avenue west of Thirtieth street; Thirtieth street, from Springfield avenue to Mermaid avenue; Twenty-eighth street, from Rex avenue to Hartwell avenue; Wissahickon Heights avenue, from Thirty-second street to Thomas Mill road; Hurst avenue, from Thirty-second street to Thomas Mill road; all streets west of Thirty-fifth, between Mermaid avenue and Rex avenue, except New Hartwell, Springfield and Wissahickon avenues, and to revise the lines and grades of the streets affected by such revision: *Provided*, That Mr. Henry H. Houston first enter into a satisfactory agreement not to claim damages by reason of the changes authorized by this ordinance.

APPENDIX No. 144.

Philadelphia, June 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to authorize a revision of the grades of Foulkrod street, Castor road, and Penn street, in the Twenty-third and Thirty-fifth Wards," beg leave to report, that under authority of "An Ordinance authorizing the construction of the Philadelphia and Frankford Railroad Company the grades of these streets were revised in order to avoid all grade crossings." It was found by the railroad company to be more economical to raise their tracks than to depress the streets, as by that means all damage to property would be avoided. It is therefore desirable to have the plan of the streets restored to its original condition. If this is done

damage to property and inconvenience to people along the line of the streets will be avoided. We therefore ask for favorable consideration of the annexed ordinance.

Jacob J. Seeds (*Ch'n*), Jno. McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, P. A. McClain, D. C. Cleaver, Chas. A. Schaufler, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To authorize a revision of the grades of Foulkrod street, Castor road and Penn street, in the Twenty-third and Thirty-fifth Wards.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works, be, and is hereby authorized to revise the grades of Foulkrod street, from Large street to Castor road, the grades of Castor road, from Duncannon street to Arrott street, and the grades of Penn street, from Sellers street to Unity street, in the Twenty-third and Thirty-fifth Wards, and to make the necessary revisions of the streets adjacent that may be affected by said changes of grade: *Provided*, That the Philadelphia and Frankford Railroad Company first file a satisfactory agreement or bond indemnifying the City of Philadelphia from any damages which may arise by reason of the said change of grade.

APPENDIX No. 145.

Philadelphia, June 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred ordinances to place on the Plan Klauder, Five-and-a-half, Agnes, Spencer, Crawford, Boudinot, Clementine, Lippincott, Sears and Earp streets, beg leave to report that the location of all of these streets have been approved by the Board of Surveyors, and they comply in all respects with ex-

isting ordinances except Klauder street, which does not run in a straight line. To run this street in a straight line would occasion damage to property. A proviso has been inserted indemnifying the City in each case except on Spencer street. A small triangular lot will be cut by placing the street on the plan. It is believed this can be done without damage to the City. We therefore report the ordinance with a favorable recommendation.

Jacob J. Seeds (*Ch'n*), Jno. McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. A. Schaufler, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To place on the City plan, Klauder, Five-and-a-half, Agnes, Spencer, Crawford, Boudinot, Clementine, Lippincott, Sears and Earp streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to place on the City plan Klauder street, of the width of thirty (30) feet, from Montgomery avenue to Germantown avenue; Five-and-a-half street, of the width of thirty (30) feet, from Klauder street to Montgomery avenue; Agnes street, of the width of thirty (30) feet, from Jasper street to Glenwood avenue; Spencer street, of the width of fifty (50) feet, from Thirty-fifth to Thirty-sixth street; Crawford street, of the width of twenty-five (25) feet, from Cedar to Gaul street; Boudinot street, of the width of fifty (50) feet, from Clearfield street to Allegheny avenue; Clementine street and Lippincott street, each of the width of thirty (30) feet, from "E" to "F" street; Sears street and Earp street, each of the width of thirty (30) feet, from Twenty-sixth to Twenty-seventh street: *Provided*, That the owners of ground within the lines of said streets, except on Spencer street and on Crawford street, shall first dedicate the same as public highways, or shall first file a bond or enter into a written agreement with the City Solicitor indemnifying the City against all damages that may arise by reason of the placing or opening of the same before this ordinance shall go into effect: *Provided, however*, That before Crawford street shall

be placed on the plan satisfactory evidence shall be furnished that the street has been laid out and opened prior to June 6, 1871: *Provided further*, That the provisions of the ordinance approved April 8, 1890, requiring streets to run in a straight line shall not apply to Klauder street.

APPENDIX No. 146.

Philadelphia, June 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred bill entitled “An Ordinance to authorize the construction of a bridge on the line of the Philadelphia, Germantown and Chestnut Hill Branch of the Pennsylvania Railroad, so as to carry Jefferson street under said railroad,” beg leave to report, that the construction of the proposed bridge will connect the two portions of the Carpenter Land and Improvement Company’s tract, which will develop property returning a very large revenue to the City of Philadelphia. We, therefore, report the ordinance with a favorable recommendation.

Jacob J. Seeds (*Ch’n*), John McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. A. Schaufler, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To authorize the construction of a bridge on the line of the Philadelphia, Germantown and Chestnut Hill Branch of the Pennsylvania Railroad, so as to carry Jefferson street under said railroad.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be hereby authorized to advertise for bids, and award the contract for the construction of a bridge

on the line of the Philadelphia, Germantown and Chestnut Hill Branch of the Pennsylvania Railroad, so as to carry Jefferson street under said railroad; the cost of said bridge to the City not to exceed twenty thousand (20,000) dollars, the said amount to be taken from the item for new bridges in the annual appropriation to the Department of Public Works, Bureau of Surveys: *Provided*, That the Pennsylvania Railroad Company, or property owners in the vicinity of said street, first enter into an agreement satisfactory to the City Solicitor, agreeing to pay one-third of the total cost of said bridge.

APPENDIX No. 147.

Philadelphia, June 18, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred a bill entitled “An Ordinance to revise the lines and grades of that portion of the Twenty-seventh Ward lying between Ann, Upland, and Seventieth streets and the County line,” beg leave to report that the section above bounded can be revised so as to better develop the land. A proviso has been added requiring bond of indemnity against all damages. We ask the favorable consideration of the ordinance.

Jacob J. Seeds (*Ch'n*), Jno. McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. A. Schaulfer, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To revise the lines and grades of that portion of the Twenty-seventh Ward, lying between Ann, Upland, and Seventieth street and the County line.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to revise the lines and grades of that

portion of the Twenty-seventh Ward lying between Ann, Upland, and Seventieth streets and the County line: *Provided*, The owners of property affected first enter into an agreement or file a bond indemnifying the city from all damages by reason of the said revision.

APPENDIX No. 148.

Philadelphia, June 19, 1893.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred “An Ordinance to revise the lines and grades of Evergreen avenue, from Twenty-fourth street to Prospect avenue, in the Twenty-second Ward,” beg leave to report that the line of said street can be changed and benefit the property thereby. The damage to private property, which the City should pay for, because of a change of grade to provide for a bridge crossing the Chestnut Hill Railroad, is estimated at one thousand dollars. We, therefore, report the bill with a favorable recommendation.

Jacob J. Seeds (*Ch’n*), Jno. McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. A. Schaufler, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To revise the lines and grades of Evergreen avenue, from Twenty-fourth street to Prospect avenue, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works is hereby authorized to revise the lines and grades of Evergreen avenue, from Twenty-fourth street to Prospect avenue, in the Twenty-second Ward: *Provided*, a satisfactory bond or agreement be first filed protecting the City from all damages in excess of one thousand (1.000) dollars.

APPENDIX No. 149.

Philadelphia, June 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to strike Livingston street, from Allegheny avenue to Wellington street, in the Twenty-fifth Ward, from the City plan,” beg leave to report, that the entire block of ground is vacant and has been taken by the City for a public park. To retain the street on the plan would cut the park in two sections. We, therefore, ask for favorable consideration of the ordinance.

Jacob J. Seeds (*Ch’n*), Jno. McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. A. Schaufler, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To strike Livingston street, from Allegheny avenue to Wellington street, in the Twenty-fifth Ward, from the City Plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized and directed to strike Livingston street, from Allegheny avenue to Wellington street, in the Twenty-fifth Ward, from the City plan.

APPENDIX No. 150.

Philadelphia, June 19, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred petitions and ordinances for the construction of

sewers, beg leave to report that all of these sewers are needed on account of the paving or repaving of streets, or for the purpose of draining property fronting on the streets. We report the ordinance with a favorable recommendation.

Jacob J. Seeds (*Ch'n*), John McParland, Isaac D. Hetzell, Josiah Linton, J. Emory Byram, Geo. W. Kendrick, Jr., P. A. McClain, D. C. Cleaver, Chas. A. Schaufler, M. S. Apple, Hiram A. Miller, Wm. Horrocks, George W. Conrad, Chas. H. Sayre, H. T. Pigott.

AN ORDINANCE

To authorize the construction of sewers on Broad, "C," Coulter, Coulston, Fourth, Fifth, Forty-ninth, German, Hagert, Manakin, Melcher, Morton, Nevada, Ninth, Orianna, Ranstead, Seventh, Thouron, Twenty-fourth, Wayne and Westmoreland streets; on Passyunk and Roberts avenues, and on West Walnut lane.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to construct the following sewers, in accordance with plans and specifications to be approved by said Department, namely: Broad street, to be built and assessed on east side only, from McFerran to Franklin street; "C" street, from Somerset to Cambria street; Coulter street, from Wayne to Morris street; Coulston street, from Thouron to Manakin street; Fourth street, from Wolf to Old Second street; Fifth street, from Wolf to Old Second street; Forty-ninth street, to be built and assessed on northeast side only, from Chester branch of the Philadelphia and Reading Railroad to Paschall avenue; German street, from Third to Fourth street; Hagert street, from Twenty-sixth to Twenty-seventh street; Manakin street, from Diamond to Norris street; Melcher street, from Susquehanna avenue to Coulston street; Morton street, from Tulpehocken street to Washington lane; Nevada street, from Thirtieth to Thirty-first street; Ninth street, from Wolf street to Moyamensing avenue; Orianna street, from Berks to Norris street; Ranstead street, from Fourth to Fifth street; Seventh street, from Wolf to Shunk street; Thouron street, from Susquehanna avenue to Diamond street; Twenty-fourth street, from Christian street to Gray's Ferry avenue; Wayne street, from Roberts avenue to Cayuga street; Westmoreland

street, from Sixteenth to Seventeenth street; Passyunk avenue, from Mifflin to McKean street; Roberts avenue, from Germantown avenue to Wayne street; West Walnut lane, from Green street to southwest 858 feet.

SECT. 2. The Director of the Department of Public Works shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest responsible bidders; and it shall be a condition of said contract, that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by ordinance, entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto, approved February 16, 1869; any excess over and above said assessment in addition to that provided for by ordinance, entitled "An Ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, manholes and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Public Works (Bureau of Surveys), to an amount not exceeding the sum of twenty-one thousand (21,000) dollars.

SECT. 3. The Director of the Department of Public Works shall not award contracts for the construction of any of the sewers authorized by this ordinance, except on Stenton avenue, the undedicated portion of Centre street and Lena street, until the streets are on the City plan, legally opened and all the properties abutting thereon assessed to full City rates: *Provided*, however, that where properties are assessed at less than full City rates and the streets on the plans are opened, he may advertise and award contracts upon the receipt of a duly executed agreement binding owners to pay the regular assessment charges.

APPENDIX No. 151.

RESOLUTION

Of instruction to the Director of the Department of Public Safety to change the location of an electric light in the Twenty-seventh Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Safety (Electrical Bureau) be, and he is hereby authorized and instructed to change the location of the electric light at Sixty-second and Woodland avenue, to the northwest corner of Cemetery and Woodland avenues, in the Twenty-seventh Ward.

APPENDIX No. 152.

RESOLUTION

Of instruction to the Director of Public Works in regard to use of water in sprinkling streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be hereby authorized and directed to permit the use of city water, free of charge, for the sprinkling of streets by property owners, or those under their immediate direction.

APPENDIX No. 153.

Philadelphia, July 6, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith return you without my approval thereto affixed an ordinance entitled “An Ordinance to authorize the opening of the Park Boulevard from the City Hall to Fairmount Park.”

The movement for a Park Boulevard originated with a number of our prominent and influential citizens, who were actuated, I know, by an honorable and commendable desire to secure for the people of Philadelphia a proper approach from the centre of the City to Fairmount Park. On November 6, 1891, your Honorable Bodies gave the project its first official recognition by passing a Joint Resolution authorizing and directing the Department of Public Works “to prepare plans and specifications and estimate of cost of placing upon the plans of the City, and opening an avenue one hundred and fifty feet wide, more or less, from the City Hall to Fairmount Park.”

On February 25, 1892, I transmitted your Honorable Bodies such report from the Department prepared in accordance with said Resolution. This report submitted for your consideration three different routes, that therein designated as “Plan No. 3,” having the approval of the Citizens Committee interested in the project, and the estimated cost thereof, five million, seven hundred and twenty-one thousand, eight hundred (\$5,721,800) dollars, being the lowest of the three plans, was recommended to and finally accepted and adopted by your Honorable Bodies, you directing, by ordinance of April 12, 1892, that same be the route placed upon the City Plan.

The ordinance herewith returned directs the immediate opening of this Boulevard throughout its entire length, but makes no provision whatever to meet the expense which would be at once entailed upon the City, for immediately, upon the approval of this ordinance, every owner of property thereby affected could make application to the Court for the appointment of a Jury, to at once assess the damage and, as most of

the properties affected are of such a character that their value could be easily ascertained, awards would be promptly made. I am aware that it has been stated by many of the advocates of this ordinance that the payment of these damages could be postponed for years by the City appealing from the awards, but while this may be the policy pursued at times by some corporations, I am satisfied that upon reflection you will agree with me that this is not the proper spirit in which a great municipality should deal with her people. If the awards of Jury are considered fair by the City, payment should be made at once without putting the parties interested to any unnecessary litigation, expense or delay. Under these conditions it will be seen that the cost of this Boulevard would have to be paid by Mandamus. The City Treasury would be liable to be drawn upon to pay judgments entered by the Courts for an amount not only greater than ever before authorized by any ordinance in the history of the City, but also considerably in excess of the total amount of mandamuses for the past nine years, from 1885 to 1893 inclusive. The only time the amount of these judgments ever approached such a total was when the land was condemned for Fairmount Park and then loans had previously been authorized, as required by Act of Assembly to be made for the purpose of meeting and paying the awards for the property taken for Park purposes, thus preventing all the complications which would necessarily arise under this ordinance. The Mandamuses for this year will reach at least two million (2,000,000) dollars. This will be the largest amount ever yet required to be paid out in any one year to meet the judgments of the courts in the history of the municipality. The present ratio of increase in Mandamuses arising from ordinary sources if continued throughout 1895, together with the Mandamuses which would result from the approval of this ordinance, nearly six million (6,000,000) dollars additional, would have necessitated the raising next year of an unprecedented amount of money to meet such demands. With a tax rate of \$1.85 for the present year there was, after the appropriations were made, to the various municipal departments for current expenses, but little money remaining for necessary permanent improvements. In fact many of these improvements had to be provided for subsequently by the creation of loans. The amount of money which will be available for appropriations in 1895 at the present tax rate

of \$1.85 will exceed that of the present year by only about forty thousand (40,000) dollars. When we contemplate these facts it is at once apparent that had this ordinance been approved it would have been impossible to have secured the necessary money to carry the project through to completion, except by an increase of the tax rate or by placing the finances of the City in a complicated condition.

My approval is therefore withheld from this ordinance because in my judgment under its provisions the Boulevard cannot be paid for except by an increase in the tax rate. It was never contemplated that the property should be acquired by condemnation proceedings, unless ways and means were first provided to secure the money when required. That such provision should be made was also the clear understanding of its projectors, when I approved the ordinance placing the Boulevard upon the City Plan.

My present position is exactly the same as set forth in my Message of February 25, 1892, when I submitted you the plans you requested and finally adopted, and is the same as was held and understood by the original projectors of the Boulevard and all other parties interested therein when the project received its first official recognition at my hands, and is the same which I have maintained in each of my subsequent Annual Messages.

I am, respectfully,

EDWIN S. STUART,

Mayor.

APPENDIX No. 154.

OFFICE OF THE MAYOR.

Philadelphia, September 6, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to request an additional appropriation to this office of nine thousand six hundred and fifteen dollars and twenty-five cents, apportioned as follows: To Item 3, for stationery, printing and incidentals, Civil Service Board, seven hundred and fifty (750) dollars; to Item 4,

for stationery, printing, miscellaneous advertising and incidentals, Mayor's office, fifteen hundred (1500) dollars ; to Item 5, for advertising ordinances, five thousand five hundred (5500) dollars ; to Item 8, for printing and binding the Mayor's Annual Message and accompanying documents, one thousand eight hundred and sixty-five (1865) dollars and twenty-five (25) cents. These additional amounts as far as relates to Items 3 and 4 have been made necessary by reason of the increased work in connection with examinations coming before the Civil Service Board, and in this office the increased expenditures caused mainly by the offering for sale of new city loans. Item 5 is exhausted, and the amount requested is necessary to provide for outstanding bills as well as for those which will be incurred before the close of the year. The additional appropriation to Item 8 is required to provide for the payment of the balance due the contractor for printing and binding the Mayor's Message and accompanying documents for the year 1893.

I am respectfully,

EDWIN S. STUART,
Mayor.

APPENDIX No. 157.

OFFICE OF THE MAYOR.

Philadelphia, September 6, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I have the honor to herewith transmit a communication from James H. Windrim, Director of the De-

partment of Public Works, requesting additional appropriations to certain Bureaus of that Department.

I am, respectfully,

EDWIN S. STUART,

Mayor.

DEPARTMENT OF PUBLIC WORKS,

Philadelphia, September 4, 1894.

HON. EDWIN S. STUART,

Mayor of the City of Philadelphia.

DEAR SIR:—I have the honor to submit herewith a statement of monies required to meet deficiencies in the several Bureaus of this Department.

The deficiency in the Bureau of Gas is caused by the large amount of work which the Bureau was required to do in the laying and relaying of gas mains in connection with the repaving of streets by passenger railway companies under their trolley privileges.

The money required in the Bureau of Highways is for the purpose of continuing the repairs to paved streets and for making repairs to the piers of South street bridge, which were damaged to a considerable extent by the heavy freshet in May last. To place the piers of this bridge in safe condition will require a large expenditure of money, and the work should be done before winter sets in.

The deficiency in the Bureau of Water is caused by the increased pumpage, leaving a short appropriation to the item for fuel; and also on account of the large amount of pipe laid, leaving the items of Maintenance and Improvements to Distribution insufficient.

I have the honor to request that you will ask Councils to consider these matters and make the additional appropriations asked for, that the necessary work may be proceeded with.

Yours respectfully,

JAS. H. WINDRIM,

Director.

APPENDIX No. 158.

DEPARTMENT OF CITY CONTROLLER,

CITY HALL,

Philadelphia, August 23, 1894.

To the Presidents and Members of Select
 and Common Councils of the City of Philadelphia.

GENTLEMEN:—In compliance with the requirements of the Act of Assembly approved June 11, 1879, I have the honor to submit herewith the annual detailed statement of the estimated receipts, expenditures, assets and liabilities of the city for the five months from August 1, 1894, to December 31, 1894, and for the next fiscal year commencing January 1, 1895, together with the customary calculations of tax rates in accordance with the directions of the first section of said Act.

Expenses and Lawful Obligations.

The aggregate estimated expenses of the city for the year 1895 amounts to \$33,883,262.22, in which are included the

lawful obligations of \$4,744,233.00, and which must first be deducted before the appropriations to Departments can be made. The balance is made up of the various estimated amounts furnished this Department by the respective Departments and Bureaus of the city.

They do not originate in this Department, but are merely collated and forwarded your Honorable Bodies; hence the financial condition of the city on August 1, which is based upon approximate figures only, may have a decidedly different showing when the actual results are ascertained at the close of the fiscal year, December 31.

In the annual report of this Department to December 31, 1894, a statement was exhibited of the settlement by the State authorities with the City Treasurer of certain claims due the city and in dispute, for the years 1890, 1891, 1892 and 1893, which yielded a net revenue of \$2,106,409.38.

The receipt of this amount enables this Department to show a handsome surplus on January 1, 1894, and it was then stated that that settlement did not include the balance of the State appropriation to schools for the years 1890 and 1891, amounting to \$445,428.23.

I desire to say that since then this Department has received no intimation of any settlement of this claim, which amount was paid to the then City Treasurer, but never credited to the city.

Mandamuses.

The estimated amounts required and set aside to meet the payment of mandamus executions for 1894 were \$700,000. This has been exceeded by \$571,876.57, making the sum already drawn from the Treasury to August 1, \$1,271,876.57. I therefore deem it expedient to set apart the further sum of \$700,000 for the remaining five months, although the payments may even exceed this amount prior to December 31, 1894, from the fact that from August 1 to August 22 those paid amounted to \$307,728.21, as against the additional \$700,000 referred to.

Embraced in the foregoing figures are the purposes, set forth below, for which payments were made.

Condemnation of property for Schools.....	\$331,689 54
Condemnation of property for Public Parks.....	383,275 00
Change of grade of streets.....	130,383 47
Construction of sewers.....	15,248 20
Erecting, taking down and repairing Election Booths.....	2,580 98
Opening and widening streets.....	296,080 86
Court Stenographers' fees.....	18,857 94
	<hr/>
	\$1,178,065 99

The remaining sum of \$93,810.58 is for personal injuries, overseers' fees, jurors' fees, etc.

I have also estimated with the lawful obligations and deducted from the amount subject to appropriation for the payment of mandamus executions for the coming year, \$1,250,000, an increase of \$550,000 over that set aside one year ago for 1894, and in this connection I beg to call the attention of your Honorable Bodies to this rapidly growing liability, and the importance of providing a remedy by the enactment of laws to arrest this increasing outgo, which in my opinion cannot be too strongly recommended.

Funded Debt.

The statement of the funded debt of the city, submitted on the sixth page of this report, includes all of the certificates issued by the city, as well as those held by the Sinking Fund Commissioners, although by a decree of the Supreme Court of Pennsylvania, given May 31 last, it was decided that the city securities held by the Sinking Fund should not be considered as a part of the debt of the city.

As this decision somewhat interferes with the former policy pursued by the Sinking Fund Commission in anticipating the redemption of loans, as they are to address a communication to your Honorable Bodies on the subject, I deemed it advisable to omit any comment, and for the present not to alter the form previously adopted of showing the funded debt.

Bureau of Gas.

The amount appropriated January 1, 1894 to the Bureau of Gas, amounted to.....	\$2,922,283 00
Since that date there has also been appropriated from loans,	600,000 00
Which, with the balance carried from 1893 of.....	6,803 63
	<hr/>
Made a total available for the year of.....	\$3,529,091 63

The receipts from this source to August 1,		
1894, amounted to.....	\$2,170,506	37
And the estimated revenue by the Bureau		
from August 1st to December 31st,		
amounted to.....	924,000 00	3,094,506 37
Showing a difference of		\$434,585 26

The marked falling off in the receipts from the Bureau of Gas is attributed to the change in the price of gas from \$1.25 to \$1.00 per 1,000 cubic feet, reduced by Ordinance of Councils, approved January 6, 1894. Of the amount, however, shown to be available by this Bureau for 1894, \$387,053.74 has already been expended to August 1st, for repairs and extensions to Works.

Deficit.

By a comparison of the actual receipts and expenditures for the seven months to August 1st, and the anticipated receipts and expenditures from that date to December 31, 1894, there is shown to be an estimated deficit of \$597,659.56.

That the City would be confronted with a shortage was not unexpected in view of the immense proportions assumed by the figures in the payment of Mandamus Executions, before referred to, and the falling off in receipts in certain Departments. Happily, however, a greater deficit was averted by reason of the unprecedentedly large surplus found available at the close of the last fiscal year.

I have given due consideration to the urgent needs of the many Departments, as represented in the estimates furnished this Department, and the increasing necessities which compel them to add to their estimates, but, upon a reflection as to the resources of the treasury, I am impelled to pursue the customary plan I have heretofore adopted of deducting the amount of the deficit from the net revenue, herein shown, before reporting to your Honorable Bodies the amount subject to appropriation for the coming year.

The following summary for 1895 is herewith submitted :

Statement August 1, 1894.

The above exhibit of amount subject to Appropriation for 1895, is an increase of \$42,345.81 over that reported one year ago for 1894, being made up principally from the taxable property added since our last report.

Valuation of Taxable Property.

The valuation of Real Estate as furnished by the Board of Revision, for taxation in 1895, shows an increase over that of 1894 of \$12,747,152.

*Comparative Statement of Property for Taxation in 1894
and 1895*

	1894.	1895
Real Estate.....	\$766,446,387	\$780,149,612
Personal Estate.....	3,484,155	2,528,082
	<hr/> \$769,930,542	<hr/> \$782,677,694

Tax Rate.

The amount required to furnish the Departments with the appropriations necessary, according to their estimates, would compel the levying of a tax rate of \$3.00 per \$100 upon the present assessed valuation of real estate for 1895. This increase of \$1.15 over the present rate of taxation would be highly impracticable, in my opinion, considering the depressed condition of the country and the grave uncertainties that now prevail affecting all classes interested in real estate in our City; also for the reason that during this year a large revenue has been made available by the authorization of permanent loans to the amount of \$10,100,000, most of which will be expended during the year 1895. It would, therefore, be a source of gratification to our citizens to feel that in the action of your Honorable Bodies in this matter, no additional burden of taxation had been placed upon them by a departure from the precedent of a \$1.85 rate established in 1883, and continued without interruption to the close of the present year.

Very respectfully,

Your obedient servant,

THOMAS M. THOMPSON,

City Controller.

APPENDIX No. 160.

Philadelphia, August 21, 1894.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The decision of the Supreme Court of Pennsylvania, in equity, in the case of Francis M. Brooke, Jesse Lea and William L. Supplee *vs.* City of Philadelphia, Edwin S. Stuart, Mayor of said City, and Thomas M. Thompson, Controller, filed May 31, 1894, in reference to the right of the City to increase its indebtedness, so vitally affects the loans of the City of Philadelphia held by the Commissioners of the Sinking Fund, and is a matter of such importance that we deem it advisable to submit to your Honorable Bodies a statement of the loans due and payable during the year 1895 which the Sinking Fund Commissioners are required to see paid, and to respectfully request that you take such action in the premises as may be necessary.

It is not necessary to enter into an explanation of the details of the sinking funds, as you are fully acquainted with the ordinances and other matters relating thereto. Councils appropriate in addition to the interest on loans, one and one-fifth per cent per annum on account of the principal of the loans, and this money invested upon a basis of six per cent. realizes in thirty years sufficient money to meet the loans as they mature; that is to say, that for every \$1,000 loan paid the City has only paid \$360, the difference being the accumulation from compound interest.

During the last few years the Commissioners have been compelled to invest in loans producing only three per cent. and four per cent., consequently a shortage must appear. The moneys paid the Sinking Fund Commissioners on account of the principal of the various loans, were considered by the Commissioners, as the property of the holders of these loans, represented in the various sinking funds, and as it is necessary to invest these funds, they were put into the bonds of the City, but we are now compelled by virtue of the decision of the Supreme Court, to conclude that these loans, using the words of the decision, . . . "have no effective decision whatever, and having been once paid cannot be paid again." . . .

We invested in these securities, believing at the time that we had a perfect right to sell or exchange them in order to meet maturing loans, but as the decision of the Supreme Court practically cancels these loans, we are compelled to call upon Councils to adopt such legislation as will place us in funds to meet the loans falling due January 1 and July 1, 1895.

Our statement hereto attached shows loans maturing in 1895			
to the amount of.....			\$6,702,000 00
Amount of above held by sinking fund.....	\$2,870,725 00		
Cash to credit of these loans.....	864,284 21	3,735,009 21	
			<hr/>
Making difference of.....			\$2,966,990 79
We also have to the credit of these various loans, securities as follows:			
Four per cent.'s.....	97,100 00		
Three per cent.'s	1,379,200 00		
			<hr/>
			\$1,476,300 00
Should it be decided that we have the right to sell these securities, it is questionable if we could sell the three per cent.'s at par, and deducting these it would leave a balance to be provided for of.....			
			\$1,490,690 79
We also have to the credit of all sinking funds the accumulations from the proceeds of property, interest and accretions to be invested in the three per cent. bonds			
			1,098,532 50
			<hr/>
Therefore, should it be decided that we have the authority to sell all these bonds and securities it would leave a deficit to be provided for of.....			
			\$392,158. 29

It might be questioned as to whether we have or have not the right to sell or dispose of these accumulations to pay off the present maturing loans, but we are of the opinion that we should sell all of them if we have the legal right to do so.

We have no hesitancy in expressing our opinion that the decision of the Supreme Court prevents our selling or disposing of any of the City loans held by us, and that some other method must be adopted to meet the loans as they fall due.

Our estimated cash balance on January 1, 1895, is \$822,683.00 to the credit of other sinking funds, and it was our purpose to have purchased or transferred the six per cent., three per cent., and four per cent.'s to the credit of these loans, and use the cash to meet the maturing loans, but if we

have not the right to dispose of them to the public, then we believe we have no right to purchase them for other sinking funds.

We are, respectfully yours,

EDWIN S. STUART,

THOMAS M. THOMPSON,

LOUIS WAGNER,

Sinking Fund Commissioners.

APPENDIX No. 174.

Philadelphia, September 20, 1894.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Finance respectfully report that they have considered a communication from the Board of Revision of Taxes, accompanied with a certified list of properties that should not be held liable for delinquent taxes (C. C. Appendix No. 11), and submit the annexed bill, entitled "An Ordinance to authorize satisfaction to be entered in cases of certain taxpayers who appear to be delinquent," and recommend its passage.

To the Chairman and Members of the Finance Committee.

GENTLEMEN:—Your Committee appointed to inquire into the propriety of authorizing satisfaction to be entered in certain tax liens respectfully reports, that upon inquiring at the Board of Revision they find that in both the cases under consideration the taxes were paid, but that through a mistake in the numbering of the properties on the tax books the credits for the same were given to properties adjoining. The facts are fully explained in a letter to the Chairman of the Sub-Committee, which is hereto annexed. Your Sub-Committee therefore recommend that the ordinance to authorize the satisfaction liens be reported favorably.

Edward A. Anderson (*Ch'n*), F. M. Harris, Chas. Roberts.

BOARD OF REVISION OF TAXES.

Philadelphia, May 14, 1894.

EDWARD A. ANDERSON, ESQ.

DEAR SIR:—In the matter of the two cases certified to Councils in accordance with the provisions of the Ordinance

approved March 24th, 1883, entitled "An Ordinance to authorize satisfaction to be entered in certain cases of taxes which appear to be delinquent," the proofs submitted in each case have been, respectively, as follows :

2628 Kansas street, Thirtieth Ward, for the years 1879, 1880, 1881. Receipts produced, showing payments, said receipts proved by affidavit of the correctness and genuineness of same. Affidavit of agent showing in detail the manner of payment, and that the house during a period covering the delinquent years was numbered on the house as 2630, and the receipts for said years call for that number. Statement showing by reason of the difference in numbers at that time the credit was given to another property, other than the one intended. Affidavit showing also that the owner owned no other property in this street.

2443 Sergeant street, Thirty-first Ward, for the year 1890. Affidavit proving genuineness of receipt. Affidavit of agent showing that the house has always been numbered since it was built as No. 2443, and not as 2445, as it was returned for 1890 (first assessment of new house). That the owner owned no other house on Sergeant street but the one now in question. Statement showing that by reason of the difference in numbering the credit was given in accordance to receipt, and so applied to a property other than the one intended.

Very truly yours,

W. H. LOUGHLIN.

AN ORDINANCE

To authorize satisfaction to be entered against certain taxpayers who appear to be delinquent.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Collector of Delinquent Taxes be authorized and directed to enter satisfaction upon the record in which a lien or judgment has been filed or entered against the properties on schedule of cases furnished by the Board of Revision of Taxes of April 1st, 1894. (Appendix Common Council No. 11.)

APPENDIX No. 175.

Philadelphia, September 20, 1894.

To the Presidents and Members of Select
and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance, to which was referred the Mayor's Message, transmitting a communication from the Director of the Department of Public Works relative to the repaying to Northern Liberties Gas Company five hundred and thirty-two (532) dollars and twenty-seven (27) cents, amount collected in error by the Trustees of the Philadelphia Gas Works, report (see Appendix of Common Council No. 155): they have carefully considered the same and report the annexed bill authorizing the payment of said claim and recommend its passage.

AN ORDINANCE

To authorize the creation by the City of Philadelphia of a loan for a sum not exceeding two million seven hundred and twenty thousand (2,720,000) dollars for the purpose of providing for the redemption and payment of the bonds or loans of the said City maturing and falling due January 1, 1895.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Mayor of the City of Philadelphia be and he is hereby authorized and directed to borrow from the highest bidder or bidders at not less than par, on the faith and credit of the City of Philadelphia, a sum or sums of money not exceeding in the aggregate the sum of two million seven hundred and twenty thousand (2,720,000) dollars for the purposes set forth in the second section of this Ordinance.

SECTION 2. The proceeds or monies raised and arising from the loan authorized by this Ordinance shall be used for the purpose of the redemption and payment of the loans or bonds of the City of Philadelphia, maturing and falling due on the first day of January, A. D. 1895, and for no other purposes whatever.

SECTION 3. Interest on the loan hereby authorized, at a rate not exceeding four per centum per annum, shall be paid half yearly, on the first day of the months of January and July, at the office of the fiscal agent of the City of Philadelphia. The principal of said loan shall be divided into twenty series of one hundred and thirty-six thousand (136,000) dollars, each alphabetically arranged and each series shall be paid annually, on the thirty-first day of December, at said office until the whole loan shall be paid, commencing with series "A," which shall be paid on the thirty-first day of December A. D. 1904. Certificates of said loan shall be in the usual form, in sums of twenty-five (25) dollars each, as the lenders may require and it shall be expressed in said certificates that the principal therein mentioned and the interest thereof are payable in lawful money of the United States of America and free of all taxes, and each and every certificate shall be endorsed on the face thereof in printed form "*reissued loan*," and said loan may be transferred as the loans of the said City are now transferable.

SECTION 4. Whenever the loan authorized by this Ordinance shall be created there shall be thereafter annually appropriated out of the monies raised by taxation by the City of Philadelphia, a sum sufficient to pay the interest on said loan, and after the said loan shall become due there shall be annually appropriated from the monies arising from such taxation for the payment of the principal thereof the sum of one hundred and thirty-six thousand (136,000) dollars until the whole principal shall have been paid.

RESOLUTION

To publish a loan bill.

Resolved, by the Common Council of the City of Philadelphia, That the Clerk of Common Council be authorized to publish in at least two of the newspapers of the City of Philadelphia daily for four weeks the draft of the Ordinance presented to Common Council on Thursday, September 20, 1894, entitled "An Ordinance to authorize the creation by the City of Philadelphia of a loan for a sum not exceeding two million seven hundred and twenty thousand (2,720,000) dollars, for the purpose of providing for the redemption and payment of the bonds or loans of the said City maturing and falling due January 1, 1895," and that the said Clerk at the stated meeting of Councils, after the expiration of four weeks from the first day of said publication shall present to this Council one of each of said newspapers for every day in which the said publication shall have been made.
